Every period in clip has had its ain societal norms and category systems that people are expected to adhere to. In the clip period in which Jane Eyre lives in, adult females have many outlooks, regulations, and ordinances to populate up to. From an early age, Jane learns that she is different ; that she has her ain ethical motives and criterions that she will non give anything for, even if it means withstanding the really Torahs and criterions that defined society and even adult females in her clip. Most critics have marked Jane Eyre as a adult female who stands for feminism and independency, which can be true. But while most people believe that Jane Eyre is a heroine that depicts feminine stereotypes, a closer reading besides contends that Jane is presented as a character who challenges feminine and societal norms. One of the chief things noticed when reading the novel, Jane Eyre, is how Jane puts work forces and adult female on the same degree ; she sees them as peers. "Women are supposed to be unagitated by and large: but adult females experience merely as work forces feel..." (Bronte 111) .

Throughout the novel, Jane ever strives for equality and was even willing to give up matrimony to maintain it so. As Jane builds a relationship with Mr. Rochester, she begins to fall for him and frailty versa. Another reading many make from the novel is Jane's opposition against those she feels treats her in a manner she does non believe she deserves. When the novel foremost begins, Jane is still a kid populating with her aunt, Mrs. Reed, and her cousins. Being treated dreadfully from twenty-four hours one, Jane had no problem stating how she truly felt and standing up to her aunt after she found out she would be sent to Lowood. "I am glad you are no relation of mine: I will ne'er name you aunt once more every bit long as I live. I will ne'er come to see you when I am grown up ; and if anyone asks me how I liked you, and how you treated me, I will state the really idea of you makes me ill, and that you treated me with suffering inhuman treatment. " (Bronte 24) .

Besides when first tie ining herself with Mr. Rochester, Jane was non afraid to state him her ideas on his intervention of her in order to acquire the intervention she felt she genuinely deserved. "I don't think, sir, you have a right to command me, simply because you are older than I, or have seen more of the universe than I have..." (Bronte 136) . One of Jane's chief differences when it comes to societal normalcy during her clip is her position on love and matrimony. During the clip period in which she lived in, adult females weren't needfully expected to get married for love, but for rank, position, and wealth. Jane, on the other manus, believed o
