

The background of the cover is a photograph of a young man and woman. The man, on the left, has dark, wavy hair and is wearing a red and white checkered shirt. The woman, on the right, has dark hair with bangs and is wearing a light-colored hoodie. They are both looking down, and the woman is leaning her head against the man's shoulder. The overall tone is soft and intimate.

House of Commons,1920 Caligula Et Camus Sophie Bastien,2006 Alors que le theatre d Albert Camus recoit de plus en plus de consideration de la part des universitaires cet ouvrage se consacre a la meilleure piece camusienne Caligula Il en propose une analyse structurelle pour en faire ressortir toute la metatheatralite et definit les rapports complexes que celle ci entretient avec la folie et le politique il cerne ainsi dans leur interaction les motifs qui sont au cour de l ouvre De plus il etablit des liens aussi riches que varies avec des textes historiographiques et des ouvres phares de la litterature occidentale qui prefigurent le personnage si puissant qu est Caligula En somme il situe la piece sur le triple plan d une tradition philosophique et litteraire qui remonte a l Antiquite du renouveau theatral qui marque le milieu du XXe siecle et de la production de Camus dans son ensemble **Lafayette in the Age of the American Revolution—Selected Letters and Papers, 1776-1790** Le Marquis de Lafayette,2019-05-15 The third volume of this widely acclaimed series continues the story of Lafayette s role in the military diplomatic and political aspects of the French American alliance as seen through the letters of Lafayette and his correspondents on both sides of the Atlantic Among the recipients of Lafayette s letters are George Washington the Comte de Vergennes Samuel Adams the Comte de Rochambeau the Baron van Steuben Beajamin Franklin Alexander Hamilton Nathanael Greene and Thomas Jefferson At times Lafayette appears to be as proud ambitious and headstrong as his detractors have claimed More often he emerges as a mature and judicious leader one who carried great weight as a principal architect of French American cooperation The letters also show his ability to understand American attitudes toward military and civil authority and they

indicate his realistic comprehension of strategy tactics and logistics The volume is divided into five parts each of which is introduced by a headnote summarizing Lafayette s main activities and the broader context of revolutionary events of the period It makes clear the tensions and disharmonies between the allies that developed during the months of military inaction and fiscal difficulties and gives us a rare look at the human side of the military effort at its highest levels **The Works of Moliere** Molière,1739 *Yves de Vallone: The Making of an Esprit-Fort* James O'Higgins,2012-12-06 The writing of the second part of this book presented a peculiar difficulty On the one hand I had the great advantage of having found the first rough draft of the manuscript *La Religion du Chretien* corrected and often recorrected Authorship could eventually be established beyond shadow of doubt and in the corrections one could see de Vallone changing his opinions as he wrote On the other the sheer length of the manuscript about 140 000 words plus the number of corrections well over 3 000 many of them lengthy the enormous number of references in the text to the Classics to the Scriptures and Apochrypha to the Fathers to Philosophers ancient and contemporary or near contemporary to de Vallone and to a considerable number of other contemporary authors all of which would require a footnote not to speak of other footnotes necessary as comments on the text itself made the production of a critical edition a financial impossibility Instead I decided for the sake of scholars interested in this type of manuscript to give a full indeed meticulous perhaps too meticulous digest of the manuscript with a running commentary showing the influences working on de Vallone the intellectual atmosphere in which he lived indicating the significance of all the major revisions and corrections in his text and commenting on what one can only describe as his own world theory and on his use of his authorities and of their influence upon him **“The” Jesuit-Relations and Allied Documents : Travels and Explorations of the Jesuit Missionaries in New France 1610-1791** Reuben Gold Thwaites,1898
