Cochran, Sherry Ginn, Paul Zinder, 2014-08-21 With diverse contributions from scholars in English literature psychology and film and television studies this collection of essays contextualizes *Fringe* as a postmodern investigation into what makes us human and as an examination of how technology transforms our humanity In compiling this collection the editors sought material as multifaceted as the series itself devoting sections to specific areas of interest explored by both the writers of *Fringe* and the writers of the essays humanity duality genre and viewership Jane Austen and Altruism Magdalen Ki, 2020-02-26 *Jane Austen and Altruism* identifies a compelling theme namely the view that Jane Austen propounds a rigorous boundary sensitive model of altruism that counters the human propensity to selfishness and promotes the culture of cooperation In her days altruism was commonly known as benevolence charity or philanthropy and

these concepts overlap with Auguste Comte's later definition of altruism as otherism. This volume argues that Austen's thinking co-opts the evolutionary idea that altruism is seldom truly pure; egoism cannot be eradicated and boundless group altruism is not sustainable. However, given that she comes from a naval and clergy family, she witnesses the power of wartime patriotism, the Evangelical revival, the Regency culture of politeness, and the sentimental novels. In her novels, she locates human relationships along an altruism continuum that ranges from enlightened selfishness to pathological altruism.

Unconditional love is hard to find, but empathy, kin altruism, reciprocal exchange, and group altruism are key to the formation of self-identity, family, community, and the nation-state.

A Road Too Short for the Long Journey Quentin P. Kinnison, 2019-02-04. The inevitability of death in our broken world means that grief and mourning are a normal part of the human experience. Too often, though, this normal journey of grief is cut short by a culture intent on pretending bad things don't really happen. In *A Road Too Short for the Long Journey*, readers are invited to consider how we might travel this road of mourning with those who grieve and how we might join them as partners in a reorientation of the world experienced through loss.
