I wish that I could have been able to buy the knowledge and information presented in this book when I first started out. It could have saved me a lot of trouble, time, and money. Many people waste thousands of dollars or more on audio programs, textbooks, classes, and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time, and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently.
