M.C. The Making of Women Artists in Victorian England Jo Devereux, 2016-08-10 When women were admitted to the Royal Academy Schools in 1860 female art students gained a foothold in the most conservative art institution in England The Royal Female College of Art the South Kensington Schools and the Slade School of Fine Art also produced increasing numbers of women artists Their entry into a male dominated art world altered the perspective of other artists and the public They came from disparate levels of society Princess Louise the fourth daughter of Queen Victoria studied sculpture at the National Art Training School yet they all shared ambition talent and courage Analyzing their education and careers this book argues that the women who attended the art schools during the 1860s and 1870s including Kate Greenaway Elizabeth Butler Helen Allingham Evelyn De Morgan and Henrietta Rae produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment Without their

contributions Victorian art would be not simply the poorer but hardly recognizable to us today Celtic and Anglo-Saxon Art
Derek Hull,2003-01-01 Much of early medieval Celtic and Anglo Saxon art is based on the display of motifs key interlacing spiral and zoomorphic in well defined panels in simple and complex arrays A study of the arrangement of the panels and the fine detail of the motifs indicates that the artists relied on geometric methods and principles first used by Egyptians and Greeks This book reflects Derek Hull s life long interest in interpreting the exciting and exotic patterns revealed by scientific studies using light and electron microscopes His interest in Celtic and Anglo Saxon art started with a casual observation of an interlacing pattern on an early medieval stone cross set in a churchyard There followed many years of exploration of art in metal stone and vellum from all parts of the British Isles and Ireland resulting in some fascinating discoveries Celtic and Anglo Saxon Art reveals new and intriguing facets of these works that add to our appreciation of the beauty of the art and the skills of the artists This is a book for lovers of Celtic art design and calligraphy and will both delight and captivate A must have for both the cognoscenti and enthusiasts of Celtic religious art Cambria
