

SETSWANA

Paper 3158/01
Language

General comments

Most candidates performed quite well in this year's examination. Many were able to mention important and relevant facts in their compositions in **Section A** which enhanced their quality. It was observed that some of the candidates who performed well in **Section A** did not quite reach the same level of achievement in **Section B**, suggesting that future candidates may need to practise further the skill of writing for a specific purpose (such as an article, a letter, report, or speech). It was pleasing to see that candidates performed better in **Section C** than in previous years. **Section D** was also well attempted.

Comments on specific questions

Section A

Composition

In this section most candidates chose to answer **Question (a)** or **Question (d)**.

Question (a)

Candidates showed great interest and knowledge in the social and political aspects of this question. Their performances might have been further enhanced had they used more Setswana words and phrases instead of words borrowed English, for instance: *polelo* instead of *sefori* (story), *seromamo* instead of *radio-radio* and *sejanaga* instead of *lori* (car).

All in all, this topic was well attempted, with the strongest candidates showing a wide knowledge of farming in Botswana.

Question (b) and (c)

These questions were well answered, and the candidates who tackled them did so with confidence, thereby usually achieving a high score.

Question (d)

The overall response to this question was good. Some candidates did not perform well, as their compositions were not always very imaginative or engaging, suggesting they were not sufficiently well prepared for writing a narrative composition.

The structure of most of the compositions was sound: the introduction was well thought out and the story was often brought to a suitable conclusion, but the main body of the story was not always very engaging.

Many candidates used words derived from English instead of idiomatic Setswana vocabulary, e.g. *bese* (bus) instead of *koloi ya mosepele* and *phoni-mobile* instead of *mogala wa lotheka*.

Section B

The compositions in this section were generally well structured. Many candidates wrote impressive introductions, comprehensive discussions, and persuasive conclusions. Most chose a suitable location like the Kgotla as the setting.
