Masculinity, Anti-Semitism and Early Modern English Literature Matthew Biberman, 2017-03-02 Offering a profound re assessment of the conceptual rhetorical and cultural intersections among sexuality race and religion in English Renaissance texts this study argues that antisemitism is a by product of tensions between received Classical conceptions of masculinity and Christianity s strident critique of that ideal Utilizing works by Shakespeare Milton Marlowe and others Biberman illustrates how modern antisemitism develops as a way to stigmatize hypermasculine behavior thus facilitating the transformation of the culture s gender ideal from knight to businessman Subsequently the function of antisemitism changes becoming instead the mark of effeminate behavior Consequently the

central antisemitic image changes from Jew Devil to Jew Sissy Biberman traces this shift's repercussions both in renaissance culture and what followed it. He also contends that as a result of this linkage between Jewishness and the limits of masculine behavior the image of the Jewish woman remains especially unstable. In concluding Biberman argues that the Gothic resurrects the Jew Devil bequeathing it to the Nazis and that the horror genre is often a rewriting of Renaissance discourse about Jews. In the course of making this larger argument Biberman introduces a series of more limited claims that challenge the conventional wisdom within the field of literary studies. First Biberman overturns the assumption that Jewishness and femininity are always associated in the cultural imagination of Western Europe. Second Biberman provides the historical context needed to understand the emergence of the stereotype of the pathological Jewish woman. Third Biberman revises the incorrect notion that divorce was not practiced in Renaissance England. Fourth Biberman argues for the novel claim that serial monogamy in Western culture is a practice understood to possess a Jewish taint. Fifth Biberman contributes a major advance in scholarship devoted to T. S. Eliot illustrating how Eliot's famous critical argument against Milton is an expression of his antisemitism and a coherent compliment to the antisemitic touches in his poetry. Sixth in his discussion of Gothic literature Biberman introduces novel readings of Frankenstein and Dracula persuasively arguing that Mary Shelley's monster bears the mark of the Jew according to modern antisemitic discourse and that in Stoker both the vampire and the vampire killer represent Jews executing a scenario of self-policing that was realized in the ghettos and the concentration camps. Biberman's final contribution in this study is to provide a definition for postmodern antisemitism and to apply it to various contemporary incidents including September 11th and the Arab Israeli conflict.

Hoshang Merchant, 2020-11-29 The book argues that there is no monolithic homosexuality there are only homosexualities that is there are as many reasons for being gay as there are gays. Some people are born gay some have gayness thrust upon them and some do indeed achieve to great gayness. Representation of homosexuality homoeroticism as it is understood today is thus a western import. The act and public social discourses on same sex love are still illegal it is according to many against the Indian tradition and a sense of history is seriously problematic when we dig out for a past tradition of homoerotic love and desire. Hoshang Merchant through an examination of texts films poetry attempts to analyse and crack the codes of sexual misconduct in contemporary India giving short histories of the fate of several gay writers and explaining the difficulties of coming out.
