Chaucerian Influences and Interpretations Kathleen A. Bishop with a Foreword by David Matthews,2020-05-22 Standing in the Shadow of the Master Chaucerian Influences and Interpretations grew out of a session at the 2008 International Medieval Congress at the University of Leeds In this volume Editor Kathleen A Bishop brings together a collection of essays contributed by a talented and diverse group of scholars from the United States Canada and Europe The articles question the traditional supremacy of Chaucer in the canon while also reaffirming the lasting impact of this great English writer of the Middle Ages Topics covered include Shakespeare Lydgate Gower Henryson Douglas Clanvowe Bokenham and the Gawain Poet as well as a modern psychoanalytic assessment of the Wife of Bath and a dialogue on making Chaucer relevant to undergraduates immersed in 21st century culture **Exhibitors Daily Review** ,1926 The Changeling Joy Williams,2018-04-10 With a new introduction by Karen Russell the 40th anniversary edition of The Changeling is a visionary fairy tale and a work of mythic genius by one of our best writers Forty years later The Changeling is no less haunting and no less visionary than the day it was published but it has only become clearer that Joy Williams is a virtuosic stylist and a singular thinker a genius in every sense of the word When we first meet Pearl young in years but advanced in her drinking she s on the lam sitting at a hotel bar in Florida throwing back gin and tonics with her infant son cradled in the crook of her arm But her escape is brief and the relief she feels at having fled her abusive husband and the Northeastern island his family calls home doesn t last for long Soon she s being shepherded back The island for Pearl is a place of madness and pain and her round the clock drinking spurs on the former even if it dulls the latter And through this lens Pearl s fragile consciousness readers encounter the horror and triumph of both childhood and motherhood in a new light With language that flits between exuberance and elegy the plainspoken and the poetic Joy Williams has blended as Rick Moody writes the arresting improbabilities of magic realism with the surrealism of the folkloric revival and with the modernist foreboding of Under the Volcano and created something entirely original and entirely consuming **A Corpus of Rembrandt Paintings** J. Bruyn,B. Haak,S.H. Levie,P.J.J. van Thiel,2013-05-14 Since the second half of the last century art historians realizing that the image of Rembrandt s work had become blurred with time have attempted to redefine the artist s significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which

would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today's sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt's early years in Leiden 1629-1631 published in 1982 THIS VOLUME A Corpus of Rembrandt Paintings Volume II covering his first years in Amsterdam 1631-1634 published in 1986 A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation 1635-1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings three different categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt's authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt's authorship cannot be accepted This volume Volume II contains 900 pages starting with five introductory chapters and discussing 101 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging *Here Casts No Shadow* Bronwen
