The Cambridge Handbook of Policing in the United States Tamara Rice Lave, Eric J. Miller, 2019-07-04 A comprehensive collection on police and policing written by experts in political theory, sociology, criminology, economics, law, public health, and critical theory.

The 9/11 Commission Report National Commission on Terrorist Attacks, 2011-05-16 Nearly three thousand people died in the terrorist attacks of September 11, 2001. In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002, the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism. This volume is the authorized edition of the Commission's final report.

The NYPD Tapes Graham A. Rayman, 2013-08-06 From the Pulitzer Prize-nominated reporter, an account of a modern-day Serpico's battle with an all-powerful police department, somber and inspiring. Publishers Weekly: In May 2010, NYPD officer Adrian Schoolcraft made national headlines when he released a series of secretly recorded audio tapes exposing corruption and abuse at the highest levels of the police department. But according to a lawsuit filed by Schoolcraft against the City of New York, instead of admitting mistakes and pledging reform, Schoolcraft's superiors forced him into a mental hospital in an effort to discredit the evidence. In *The NYPD Tapes*, the reporter who first broke the Schoolcraft story brings his ongoing saga up to date, revealing the rampant abuses that continue in the NYPD today, including warrantless surveillance and systemic harassment. Through this lens, he tells the broader tale of how American law enforcement has for the past thirty years been distorted by a ruthless quest for numbers in the form of CompStat, the vaunted data-driven accountability system first championed by New York police chief William Bratton and since implemented in police departments across the country. Forced to produce certain crime stats each quarter or face discipline, cops in New York and everywhere else fudged the numbers, robbing actual crime victims of justice and sweeping countless innocents into the police net. Rayman paints a terrifying picture of a system gone wild and the pitiless fate of the whistleblower who tried to stop it. A tale of crime prevention turned upside down in the Bloomberg era, Rayman has invented a new genre: the police misprocedural. Tom Robbins, New York Times bestselling author.

Law Enforcement in the Age of Black Lives Matter Dwayne A. Mack, Sandra E. Weissinger, 2017-12-29 There is a reason why people claim great respect for officers of the law the job by description is hard if not deadly It takes a certain kind of person to accept the consequences of the job seeing the very worst situations on a regular basis and knowing that one's life is on the line every hour of every day Working in law enforcement is emotionally and psychologically draining It affects these public servants both on and off the job Said plainly shaking an officer's hand when you see them or posting a sign in the front yard that reads Support the Badge is lip service Even going as far as to donate money to a crowdsourcing fundraising site does little to support the long term professional development needs of officers These are surface level signs of solidarity and do little in terms of showing respect for the job and those who do it For those who want to do more this text provides reasons and a rationale for doing better by these public servants Showing respect does not mean that one agrees with whatever another person or institution claims to be the right way Showing respect and admiration means that we charge individuals to live up to their fullest potentials and integrate innovation wherever possible In the case of policing in the era of Black Lives Matters policing as usual simply is not an option any longer It is disrespectful to both the officers and those who are being policed to rest on the laurels of past policing tactics As we enter a time period in which police interactions are recorded dash cams or body cams for example and new populations are being targeted Latinx people there is much to learn about what is working and what is not

The Secret Files: Bill Deblasio, The NYPD, and the Broken Promises of Police Reform Micheal Hayes, 2025-05-13 An unprecedented breakdown of the NYPD's powerful network of police unions pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability For readers of long form hard hitting journalistic exposés like *We Own This City* a compelling look at how we do and don't hold police responsible in America by an award winning progressive reporter covering the NYPD police beat In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans While de Blasio may have suffered a political setback it's New Yorkers who are the true victims of this failure to deliver

accountability and transparency The state has a law that specifically prevents the public from learning about concealed police records New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted brutalized and murdered with near impunity Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police
