O Penis Perfeito:

O Penis Perfeito Mark Cox, 2009-08 Claire and Dorotea are best friends and beautiful women Their affable rivalry turns serious in a game that has been played out over two hundred thousand years It s a competition that has shaped the very course of human culture and created a penis of a size disproportionate to its function Claire is well educated and highly intelligent She knows what she wants and how to get it She lectures in anthropology Studying for her PhD her thesis is The Role of the Clitoris in the Evolution of Love She quotes Shakespeare and feminist interpretations of Darwinian theory Dorotea is an independent professional photographer Although she studied the same things with Claire in high school she s now an artist not a scientist and she has two things that Claire wants One is a photo album the existence of which she only accidentally reveals to Claire It is locked and hidden in a darkroom No one else has ever seen it Inside are photos like no other The second is something Dorotea will take to the other side of the planet to avoid losing But when she gets there the same forces that drive Claire will nearly kill her and make her lose what she s found until someone special intervenes

Female Sexuality Russell Grigg, 2018-04-17 Undoubtedly Contributions to the Masculinity Complex in Women is an underrated paper This may be due to its not being published in English until 1924 well after Freud introduced the term masculinity complex into his own writings However Van Ophuijsen s paper was originally presented to the Dutch Psycho Analytical Society much earlier on 23rd June 1917 It was published in German the same year and in Dutch the following year The term masculinity complex is in fact van Ophugsen s invention and Freud acknowledges his debt in his 1919 paper A Child is Being Beaten It is also in the present paper that various manifestations and possible consequences of penis envy are first clearly expressed just as the libidinal investment in the virile erogenous zone is linked to the attachment to the mother This last point is particularly important and Freud will later appeal to it in explaining the phallicism of the little girl The material van Ophuijsen draws on derives from five case studies of obsessional women One of the cases who is here simply referred to as H is subsequently discussed by Jeanne Lampl de Groot in her 1928 paper Evolution of the Oedipus Complex in Women a discussion Freud alludes to in his Female Sexuality of 1931 The analysand was referred to Lampl de Groot because of difficulties encountered in the transference to a male analyst It is also worth noting that van Ophuijsen takes her to be an obsessional while Lampl de Groot diagnoses hysteria Van Ophuijsen s starting point concerns one aspect of the theory of penis envy namely that it derives from the sense a woman has of having been injured in infancy through no fault of her own and hence she will blame her mother for having brought her into this world as a woman instead of a man This matches some character types encountered in analysis van Ophuijsen conjectures He also points out that this turning against the mother is as with the castration complex founded on a belief in the possibility of possessing the penis The difference between the castration and masculinity complexes is that the sense of guilt attached to the former is absent from the masculinity complex in which on the other hand what predominate are the sense of having been wronged and accompanying bitterness and

reproaches Moreover the term is intended to connote the presence of a form of rivalry with men rather than the presence of any overt masculine characteristics Finally one should note the connection between the masculinity complex and the urethral erotism which van Ophuijsen explains in terms of a regression to the auto erotic stage later tackled by other analysts such as Karen Homey
