The Resilience of Hope Janette McDonald, Andrea M. Stephenson, 2010 Hope What is it How do we get it Is it part of being human Is it something that carries us through hard times Is it something illusory This book which stems from the 4th Inter Disciplinary net conference on Hope Probing the Boundaries held in September 2008 at Mansfield College in Oxford England explores all of these questions and many more As a truly inter disciplinary venture this book approaches the theme of hope from the point of view of the philosophical theological political literary psychological and sociological and presents hope not just as an abstract theme to be pondered but as an aspect of human living and thinking that has a profound impact on our lives The conclusions reached in each chapter demonstrate the variety of ways in which hope is conceived as well as the tensions inherent in any discussion of the benefits of hope and the intricacies in dealing with hope on a theoretical and a practical level This book is perfect for anyone wondering where hope fits into our lives during these troubling times

Handbook of Classroom Management Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together

disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management

Integrating Gender Equality into Business and Management Education Patricia M. Flynn, Kathryn

Haynes, Maureen A. Kilgour, 2017-09-08 This volume addresses the need to integrate gender equality into business and management education and provides examples of leading initiatives illustrating how this can occur from various disciplinary and global perspectives Gender inequality has a long history in business schools and the workplace and traditions are hard to change Some disciplines remain resolutely gendered affecting both women and men and case materials on women leaders and managers are still rare The chapters provide conceptual and research rationales as to why responsible management education must address the issue of gender equality They also identify materials and resources to assist faculty in integrating gender issues and awareness into various disciplines and fields These include specific case studies and innovations that assess or address the role of gender in various educational environments The book is designed to help faculty integrate the topic of gender equality into their own teaching and research and gain support for the legitimacy of gender equality as an essential management education topic This is the first book in a series on gender equality as a challenge for business and management education published with the Principles of Responsible Management Education PRME Working Group on Gender Equality
