Business Exam Notes

1. *Economics*

Need vs. Wants

- Needs = necessary for survival , wants are not
- One set of wants can lead to the other
 - E.g. want to win the lottery, which makes it easier to satisfy other wants

Goods vs. Services

- Goods (e.g. Staples sells electronic goods)
- Services (e.g. food bank provides service to community)

Producer vs. Consumer

- Producers are the business that make goods or provide services
- Consumers are the people who buy the things/services that producers supply
 - E.g. buying a computer, servicing at computer-repairing shops
- Producers and consumers operate together to create a marketplace, which is any place where they engage in the buying and selling of goods/services

 - Law of Demand
 - As price goes up, demand goes down. Vice versa.

 - If demand is high, supply is low, prices go up
- **Supply** – the quantity of good/service that businesses are willing/able to provide within a range of prices that people would be willing to pay
 - Law of Supply
 - As price goes up, supply goes up. Vice versa.

Business and Economic Statistics Section, 1998 *ASB Summer University 2006: Assessment of student satisfaction with a threefold approach* Oliver Mühlich, 2007-05-30 Inhaltsangabe Abstract The aim of the research presented here is to assess student satisfaction at the Aarhus School of Business ASB for the Summer University that was first introduced in July 2006 The European Performance Satisfaction Index EPSI was adapted to incorporate student satisfaction in order to reach this aim and was used as the main approach in our thesis The necessary data was gathered from online surveys we derived from the students Two studies complemented this model On the one hand structured interviews were conducted with all relevant lecturers and on the other hand a survey was conducted in two waves with Summer University participants In the first wave the students initial expectations were measured and in the second wave it was the degree of fulfilment for these expectations that were measured Results from the EPSI model indicated that participants of the Summer University were satisfied overall with the program and will remain loyal Surprisingly however the variable image showed no direct impact on perceived value satisfaction and loyalty The results from the interviews showed that lecturers were well chosen but not adequately prepared for the program In addition the survey results indicated that expectations were to some degree fulfilled but certain attributes of lecture quality experienced a negative disconfirmation of expectations Furthermore the direct comparison of data from the lecturers and the students suggested problems with the information flow between ASB the lecturers and the students From these findings it can be concluded that overall the Summer University was a success in the introduction of a new study program however there are some areas that need to be improved Thus our suggestions include new positioning and better marketing for next year concrete improvement of quality attributes and information flow and a strategy for sustainability and expansion of the Summer University Our work successfully presents student satisfaction with a threefold approach not used

hitherto Combining all three approaches in one dissertation and establishing linkages and interrelations between them provides an extensive insight towards student satisfaction Considering ASB Summer University took place for the first time in 2006 the insights we provide and the recommendations we are able to give will influence the further organisational and managerial development of the program When **SAT For Dummies 2015 Quick Prep** Geraldine Woods,Ron Woldoff,2015-03-19 The fast and easy way to score higher on the SAT Does the thought of preparing for the SAT cause you to break out in a cold sweat Have no fear SAT For Dummies Quick Prep Edition gives you a competitive edge by fully preparing you for the SAT Written in a friendly and accessible style this hands on guide will help increase your chance of scoring higher on the redesigned SAT test being launched by the College Board in 2016 The SAT is administered annually to more than two million students at approximately 6 000 world wide test centers Nearly every college and university in America looks at a student s SAT exam score or SAT Subject Tests as a part of its admissions process Your SAT score is nothing to sniff at in addition to admissions many schools use these results for course placement With the help of this guide you ll maximize your chances of gaining entrance to the college of your dreams as well as a seat in the best classes So what are you waiting for Start practicing your way to a better SAT score today Includes coverage of SAT question types and formats Offers practice SAT tests with full answer explanations Helps pinpoint where you need more help Reflects the College Board s new and updated SAT exam for 2016 Whether you re preparing for the SAT for the first time or retaking the exam to improve your score SAT For Dummies Quick Prep Edition sets you up for success *Pivoting Your Instruction* Bruce M.
