Research Report ,1975-10 **Supplement ... to the Public Health Reports** ,1938 **State of Kentucky's Environment** Kentucky. Environmental Quality Commission,1992 **Research Report** Kentucky. General Assembly. Legislative Research Commission,1999 **Political Parties and Primaries in Kentucky** Penny M. Miller,Malcolm E. Jewell,2021-12-14 This is a study of Kentucky political parties how they are organized and how they nominate and elect candidates Because state politics in Kentucky is dominated by the Democratic Party a major portion of the study is devoted to the Democratic primary candidates campaign techniques funding of elections and voting patterns As in other states campaign techniques in Kentucky are changing During the 1950s and 1960s the Democratic Party had two dominant factions and candidates for statewide office sought factional allies among local party organizations Now factional alignments have disappeared and candidates for statewide office build campaign organizations from thousands of active party workers The characteristics motivations and allegiances of these party activists form one major focus of this book Another focus is television which has assumed ever greater importance in statewide primary campaigns Because it is expensive candidates who are wealthy or can raise large sums for television advertising enter the primaries with a substantial advantage and those who use that medium most effectively are most likely to win Two wealthy candidates who proved to be talented campaigners in person and on television were nominated by the Democrats in 1987 Wallace Wilkinson in the gubernatorial race and Brereton Jones in the race for lieutenant governor The book features case studies of these two campaigns which in many ways typify modern primary elections in Kentucky Finally since the 1950s the Republican Party has been highly successful in campaigns for national office in Kentucky but has been unable to elect a governor since 1967 This study provides some answers to two questions What is wrong with the Republican Party in Kentucky And why are so many Kentuckians voting Republican in national races and Democratic in state races *Kentucky Moonshine* David W. Maurer,2021-10-12 When the first American tax on distilled spirits was established in 1791 violence broke out in Pennsylvania The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat stills on board to settle anew in the fertile bottomlands of Kentucky Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye Thus the licit and illicit branches of the distilling industry grew up side by side in the state This is the story of the illicit side the moonshiners craft and craftsmanship as practiced in Kentucky A glossary of moonshiner jargon sheds light on such colorful terms as puker slop and weed monkey With a new foreword by author Wes Berry David M Maurer s classic history of this subject is tongue in cheek but nevertheless provides a realistic look at the Kentucky moonshiner and the moonshining industry Kentucky Annual Economic Report ,1987 **Administrative Register of Kentucky** ,2004 *Kentucky Revised Statutes, 1948* Kentucky,1948 Congressional Record United States. Blending his experiences as a veteran reporter with analysis of the erosion of trust between the press and the government during the past 40 years in Free the Press renowned journalist Brian J Karem gives readers a unique perspective on the challenges facing journalism while asking the question How did we get here And perhaps more importantly How do we fix it Since the Vietnam War each and every president has overseen the withering of relations between the Executive Branch and the so called Fourth Estate Politicians are not solely to blame however Corporate media has us following the news of the day for clicks and views rather than pursuing long term stories of impact Reporters have ceased to frame the narrative and failed to co opt social media contributions until it was too late Placed alongside a firsthand view of Karem s own experience as a reporter and manager in television print and the online media industry where he witnessed buyouts and the end of locally owned and operated newspapers a behind the scenes look at his work as a member of the White House Press Corps and his advocacy to protect the journalistic pillar of anonymity readers will come away with a deeper understanding of journalism and what happened to it at the national and local level Karem concludes with a three step plan to save the free press as well as a comprehensive method to reporting for reporters to regain level footing and work toward repairing the damage done to one of the most important and sacred institutional relationships of our country Environment Reporter ,2004
