

State of North Carolina }
Surrey County } This day came Joseph
Phillips before us the subscribing Justices
and made Oath that in the Month of May
in the Year one thousand seven hundred and
seventy six a certain William Sheppard
in listed with him, who then acted as Captain,
in the fourth North Carolina Regiment for two
years and a half, and that afterwards he was dis-
charged said Sheppard recruited for three years
during the War.

Sworn to and subscribed before us this 21st
day of July 1792.

W. Thornton J.P.

Joseph Phillips

Witness my hand &c.

In presence of
Surrey County }
I

I hereby certify that the above subscribing
William Thornton and Henry Sheppard are acting justly of the peace in and
for the County of Surrey and that due faith and credit ought to be given
to their certificates as such. In testimony whereof I have hereunto set
my hand and caused the seal of the said County this 21st day of
July 1792

William Sheppard

Revolutionary War Papers

John Almon

Revolutionary War Papers:

Family Records [and Several Revolutionary War Papers] Daughters of the American Revolution. Illinois Society. Chicago Chapter, Chicago, 1957 *The Papers of George Washington* George Washington, 2020 Known Military Dead During the American Revolutionary War, 1775-1783 Clarence Stewart Peterson, 1967 The War of 1812 was fought by eighteen states the original thirteen states that formed the Union as well as Vermont Kentucky Tennessee Ohio and Louisiana In the preparation of this work the compiler surveyed the records of the National Archives as well as many of the libraries and archives of the eighteen states in which fatalities were recorded The end result is an authoritative list of some 3 500 known military dead of the War of 1812 The entries which are alphabetically arranged give the name of the deceased his rank the name of his company or branch of service his date of death and an indication as to whether the individual died in battle or as a prisoner of war Papers of the Continental Congress, 1774-1789 United States. Continental Congress, 1959 Includes rough journals transcript journals secret journals letter books of the President and Secretary of Congress reports of committees state and miscellaneous papers letters petitions and memorials addressed to Congress motions made in Congress and various other letters and reports Card indexes are filmed on reels 1 3 bound manuscript indexes on reels 4 7 Rolls And Documents Of The Soldiers In The Revolutionary War, And Miscellaneous Provincial Papers From 1629 To 1725 V1 (1885) Isaac W. Hammond, 2008-06 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work Sessional Papers of the Dominion of Canada Canada. Parliament, 1904 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement **August - October 1777** George Washington, 2001 **Naval Documents of the American Revolution** United States. Naval History Division, 1964 In the tradition of the preceding volumes the first of which was published in 1964 this work synthesizes edited documents including correspondence ship logs muster rolls orders and newspaper accounts that provide a comprehensive understanding of the war at sea in the spring of 1778 The editors organize this wide array of texts chronologically by theater and incorporate French Italian and Spanish transcriptions with English translations throughout Naval Documents of the American Revolution United States. Naval History Division, 1964 In the tradition of the preceding volumes the first of which was published in 1964 this work synthesizes edited documents including correspondence ship logs muster rolls orders and newspaper accounts that provide a comprehensive understanding of the war at sea in the spring of 1778 The editors organize this wide array of texts chronologically by theater and incorporate French Italian and Spanish transcriptions with English translations throughout Washington's Revolutionary War Generals Stephen R. Taaffe, 2019-10-03 When the Revolutionary War began Congress established a national army and appointed

George Washington its commander in chief Congress then took it upon itself to choose numerous subordinate generals to lead the army s various departments divisions and brigades How this worked out in the end is well known Less familiar however is how well Congress s choices worked out along the way Although historians have examined many of Washington s subordinates Washington s Revolutionary War Generals is the first book to look at these men in a collective integrated manner A thoroughgoing study of the Revolutionary War careers of the Continental Army s generals their experience performance and relationships with Washington and the Continental Congress this book provides an overview of the politics of command both within and outside the army and a unique perspective on how it affected Washington s prosecution of the war It is impossible to understand the outcome of the War for Independence without first examining America s military leadership author Stephen R Taaffe contends His description of Washington s generals who they were how they received their commissions and how they performed goes a long way toward explaining how these American officers who were short on experience and military genius prevailed over their professional British counterparts Following these men through the war s most important battles and campaigns as well as its biggest controversies such as the Conway Cabal and the Newburgh Conspiracy Taaffe weaves a narrative in the grand tradition of military history Against this backdrop his depiction of the complexities and particulars of character and politics of military command provides a new understanding of George Washington the War for Independence and the U S military s earliest beginnings A unique combination of biography and institutional history shot through with political analysis this book is a thoughtful deeply researched and an eminently readable contribution to the literature of the Revolution The Papers of George Washington George Washington,1985

A Collection of Interesting, Authentic Papers John Almon,2009-03 Showing The Causes And Progress Of That Misunderstanding From 1764 To 1775 **Washington: Lessons in Leadership** Gerald M. Carbone,2011-03-15 A compelling look at the military career lessons and legacy of America s first general and first president Before he became the Father of our Country George Washington was the Father of the American Army He took troops that had no experience no tradition and no training and fought a protracted war against the best most disciplined force in the world the British Army Deftly handling the political realm he left his mark with a vision of the Revolution as a war of attrition and his offensives which were as brilliant as they were unpredictable In Washington award winning author Gerald M Carbone argues that it is this sort of fearless but not reckless spontaneous but calculated offensive that Washington should be remembered for as a leader not of infallibility but of greatness A Short History of the American Revolutionary War Stephen Conway,2013-04-12 The American war against British imperial rule 1775 1783 was the world s first great popular revolution Ideologically defined by the colonists formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere s ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781

the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of European warfare The Widow Washington Martha Saxton,2019-06-11 An insightful biography of Mary Ball Washington the mother of our nation's father The Widow Washington is the first life of Mary Ball Washington George Washington's mother based on archival sources Her son's biographers have for the most part painted her as self centered and crude a trial and an obstacle to her oldest child But the records tell a very different story Mary Ball the daughter of a wealthy planter and a formerly indentured servant was orphaned young and grew up working hard practicing frugality and piety Stepping into Virginia's upper class she married an older man the planter Augustine Washington with whom she had five children before his death eleven years later As a widow deprived of most of her late husband's properties Mary struggled to raise her children but managed to secure them places among Virginia's elite In her later years she and her wealthy son George had a contentious relationship often disagreeing over money with George dismissing as imaginary her fears of poverty and helplessness Yet Mary Ball Washington had a greater impact on George than mothers of that time and place usually had on their sons George did not have the wealth or freedom to enjoy the indulged adolescence typical of young men among the planter class Mary's demanding mothering imbued him with many of the moral and religious principles by which he lived The two were strikingly similar though the commanding demeanor persistence athleticism penny pinching and irascibility that they shared have served the memory of the country's father immeasurably better than that of his mother Martha Saxton's *The Widow Washington* is a necessary and deeply insightful corrective telling the story of Mary's long arduous life on its own terms and not treating her as her son's satellite *Washington's Revolutionary War Generals* Stephen R. Taaffe,2019-10-03 When the Revolutionary War began Congress established a national army and appointed George Washington its commander in chief Congress then took it upon itself to choose numerous subordinate generals to lead the army's various departments divisions and brigades How this worked out in the end is well known Less familiar however is how well Congress's choices worked out along the way Although historians have examined many of Washington's subordinates *Washington's Revolutionary War Generals* is the first book to look at these men in a collective integrated manner A thoroughgoing study of the Revolutionary War careers of the Continental Army's generals their experience performance and relationships with Washington and the Continental Congress this book provides an overview of the politics of command both within and outside the army and a unique perspective on how it affected Washington's prosecution of the war It is impossible to understand the outcome of the War for Independence without first examining America's military leadership author Stephen R Taaffe contends His description of Washington's generals who they were how they received their commissions and how they performed goes a long way toward explaining

how these American officers who were short on experience and military genius prevailed over their professional British counterparts Following these men through the war s most important battles and campaigns as well as its biggest controversies such as the Conway Cabal and the Newburgh Conspiracy Taaffe weaves a narrative in the grand tradition of military history Against this backdrop his depiction of the complexities and particulars of character and politics of military command provides a new understanding of George Washington the War for Independence and the U S military s earliest beginnings A unique combination of biography and institutional history shot through with political analysis this book is a thoughtful deeply researched and an eminently readable contribution to the literature of the Revolution

The Maryland 400 in the Battle of Long Island, 1776 Linda Davis Reno, 2008-01-01 This work chronicles the story of 400 young men who willingly and knowingly sacrificed themselves to save the Continental Army at the Battle of Long Island on August 27 1776 Holding back 20 000 British and Hessian soldiers they allowed their comrades to retreat and may have saved the Revolution from immediate defeat This exhaustively researched account introduces the reader to the background of the battle and the stories of the individuals who fought that day and includes biographies with extensive quoted material in addition to a general historic overview
