Rewriting Family Scripts Improvisation And Systems Change:

Rewriting Family Scripts John Byng-Hall, 1998-01-15 Filled with insight into theoretical foundations as well as practical suggestions for clinical practice *Rewriting Family Scripts* is a valuable resource for family therapists of all orientations attachment theorists family theorists and other readers interested in understanding and improving family dynamics

Autism and the Family in Urban India Shubhangi Vaidya, 2016-09-30 The book explores the lived reality of parenting and caring for children with autism in contemporary urban India It is based on a qualitative ethnographic study of families of children with autism as they negotiate the tricky terrain of identifying their child's disability obtaining a diagnosis accessing appropriate services and their ongoing efforts to come to terms with and make sense of their child's unique subjectivity and mode of being It examines the gendered dimensions of coping and care giving and the differential responses of mothers and fathers siblings and grandparents and the extended family network to this complex and often extremely challenging condition The book tackles head on the sombre question What will happen to the child after the parents are gone It also critically examines the role of the state civil society and legal and institutional frameworks in place in India and undertakes a case study of Action for Autism a Delhi based NGO set up by parents of children with autism This book also draws upon the author's own engagement with her child's disability and thus lends an authenticity born out of lived experience and in depth understanding It is a valuable addition to the literature in the sociology of the family and disability studies Expanding the

Limits of Individual and Family Therapies David Pocock, 2024-12-29 This book invites individual therapists to think systemically including issues of social justice and family therapists to explore a deeper understanding of the individual in contexts including the domain of the unconscious Using a critical realist framework it promotes multiple perspectives often novel combinations from dissimilar psychotherapy traditions to expand holistic understanding and provide a richer variety of resources to bring to co constructed therapeutic encounters It uses a critical examination of the often unspoken philosophical underpinnings of psychotherapy practices to re vision a range of theory and practice considerations theory choice the role of science knowing and not knowing emotion in the system power and autonomy collaboration and change and sameness and otherness All the preceding elements of the book are then brought together in the clinical topics of triangulation aggressive out of control behaviour and self harm Numerous brief case vignettes and longer case examples ensure that theory is always grounded in practice Contemporary Art Therapy with Adolescents Shirley Riley, 1999 Contemporary Art Therapy with

Adolescents offers practical and imaginative solutions to the multifaceted challenges that clinicians face when treating young people The author fuses the contemporary theories of clinical treatment with the creative processes of art therapy to arrive at a synthesis which yields successful outcomes when working with adolescents Clinicians of allied disciplines particularly art therapists will find practical suggestions for using imagery to enrich their relationships with teenaged clients The process of using art making therapeutically and the challenges of applying creativity in the current mental health world are explored

Shirley Riley reviews current theories on adolescent development and therapy and emphasizes the primary importance of relying on the youths own narrative in the context of their social and economic backgrounds She has found this approach preferential to following pre designed assessment directives as a primary function of art therapy Family group and individual treatment are examined as is the adolescent s response to short and long term treatment in residential and therapeutic school settings The book is firmly rooted in Riley s clinical experience of working with this age group and her proven ability to combine contemporary theories of adolescent treatment with inventive and effective art expressions *Attachment Theory* Ruth O'Shaughnessy,Katherine Berry,Rudi Dallos,Karen Bateson,2023-04-04 This book provides a comprehensive and accessible introduction to key concepts of attachment theory from the work of its founder John Bowlby to the most recent research within the field The first part of the book gives readers a clear understanding of attachment theory during infancy childhood adolescence adulthood and in bereavement The second part of the book illustrates how attachment theory can be used to inform clinical interventions with children in different contexts adults and within wider health social and educational systems Using case examples throughout the authors provide the reader with a practical understanding of the clinical applications of attachment theory across the lifespan and in varying health social care and educational systems Attachment theory is one of the most important lifespan development theories and is relevant to students and practitioners from a wide range of disciplines including medicine nursing psychology child development mental health and applied social sciences

Handbook of the Clinical Psychology of Ageing Robert T. Woods,Linda Clare,2015-04-13 The first authoritative reference on clinical psychology and aging the Handbook of the Clinical Psychology of Ageing was universally regarded as a landmark publication when it was first published in 1996 Fully revised and updated the Second Edition retains the breadth of coverage of the original providing a complete and balanced picture of all areas of clinical research and practice with older people Contributions from the UK North America Scandinavia and Australia provide a broad overview of the psychology of aging psychological problems including depression anxiety psychosis and dementia the current social service context and assessment and intervention techniques *Parenthood between Generations* Siân Pooley,Kaveri Qureshi,2016-04-01 Recent literature has identified modern parenting as an expert led practice one which begins with pre pregnancy decisions entails distinct types of intimate relationships places intense burdens on mothers and increasingly on fathers too Exploring within diverse historical and global contexts how men and women make and break relations between generations when becoming parents this volume brings together innovative qualitative research by anthropologists historians and sociologists The chapters focus tightly on inter generational transmission and demonstrate its importance for understanding how people become parents and rear children **Clinical Practice with Families** Michael Rothery,George Enns,2014-01-21 Encourage creative change in troubled families Clinical Practice with Families Supporting Creativity and Competence presents the most important and useful contemporary ideas in family therapy from many diverse traditions By organizing

eclectic concepts within one basic powerful framework it makes these ideas more accessible and effective in practice Instead of exploring these ideas in the abstract Clinical Practice with Families illustrates them with in depth case examples that include detailed studies of the client family s history and traditions extensive analyses of the family system and actual dialogue from sessions along with the therapist s comments on shifting alliances and other unspoken occurrences No other technique could better demonstrate the practical integration of therapeutic skills and concepts to meet the clients needs Clinical Practice with Families offers insight and ideas for practicing family therapists in such essential areas as negotiating flexible appropriate boundaries between family members and between yourself and your clients constructing ecomaps of a client s support systems and stressors identifying four kinds of supports helping the client reinterpret family traditions enabling clients to break the pattern of old narratives encouraging clients to set realistic achievable goals Clinical Practice with Families offers a powerful set of techniques and ideas in a clear understandable framework Illustrated with helpful charts and figures it offers senior students and practicing family therapists an opportunity to take a structured approach to contemporary theory and understand its implications for practice

Human Growth, Behaviour and Development Alastair Gibson, Neil Gibson, 2015-10-26 Understanding the way in which individuals develop before birth as babies children and adolescents through to young and older adulthood towards death is an important part of any social work role Being able to skilfully apply this understanding in real life practice situations is even more important as purposeful translations of human development are at the heart of effective professional

practice Introducing students to emotional psychological and social developmental theories of human growth before exploring in detail how these theories can be incorporated into practice this book will ensure students have all the tools they need to not only understand but critically appraise and apply psychosocial theories early on in training and whilst on placement With the help of real world case studies summaries and tips for further study it will show students how life course theories inter relate and how they can make appropriate purposeful translations of theory into skilled professional practice

Attachment Theory and Research in Clinical Work with Adults Joseph H. Obegi, Ety Berant, 2010-06-09 Written with the practicing psychotherapist in mind this invaluable book presents cutting edge knowledge on adult attachment and explores the implications for day to day clinical practice Leading experts illustrate how theory and research in this dynamic area can inform assessment case formulation and clinical decision making The book puts such concepts as the secure base mentalization and attachment styles in a new light by focusing on their utility for understanding the therapeutic relationship and processes of change It offers recommendations for incorporating attachment ideas and tools into specific treatment approaches with separate chapters on psychoanalytic interpersonal cognitive behavioral and emotionally focused therapies

The Shared Experience Of Illness Susan H. Mcdaniel, Jeri Hepworth, William J. Doherty, H Mcdaniel, 2009-08-05 In the narrative of every human life and family illness is a prominent character Even if we have avoided serious illness ourselves we cannot escape its reach into our circle of family and friends Illness brings us closer to one another through caregiving and separates us through disability and death yet little attention has been paid to personal and family illness in psychotherapy Rather therapists tend to focus on the psychosocial realm leaving the biological realm to other physicians and nurses Susan H McDaniel Jeri Hepworth and William J Doherty invited therapists who work with individuals and families experiencing chronic illness and disability to describe clinical cases that illustrate their approach to medical family therapy Contributors then were asked to share a personal story about their experiences with illness and to explain how those experiences affect the way they work with their clients Vivid case studies dealing with a range of illnesses including cancer infertility schizophrenia AIDS heart disease diabetes asthma and multiple sclerosis show how the therapists own experiences of illness are relevant to their care of others and how these experiences can be used to form a healing bond in therapy Poignant honest and illuminating The Shared Experience of Illness allows us to understand more fully the relationship between the personal and the professional
