## **Ricky Martin Book Me:**

*Me* Ricky Martin, 2010 Explores the singer's career and personal life revealing the defining moments of his early childhood his experiences as a young star and his reflections on accepting his sexuality in the face of fame **Yes, Little Boys Cry Too** J F Scott, 2013-05-20 Most autobiographies are about famous people The difference between these people and myself is that my life's story is a way to explain and share how two little boys lived a life of childhood abuse and the scars this abuse left behind I did not write this book to feel sorry for myself but to inform others that Yes little boys cry too Not enough information is documented on how many little boys and young men have been abused which I find quite disturbing However every time I read a new statistic on the number of boys that have been and will be abused the percentages keep going up and up You must remember that in the past we as boys were taught never to cry and or to show emotions Most of us hid the abuse and many still will not reveal what happened to them Young girls and young ladies are by far the largest group of victims However I refuse to be swept under a rug about a situation past and present that leaves scars on all the victims Yes today I can finally come out and say that my brother and I were both victims of verbal psychological the severest of physical abuse and yes sexual abuse I somehow survived these abuses but sadly my brother did not He ended up committing suicide at a young age Three days before his death he telephoned me to admit he was afraid of turning out like our abuser our mother He was afraid he was becoming like her and did not want that life for the wonderful woman he had married and his 10 month old daughter If one person reads this book and sees the signs of abuse and helps just one child then I shall die happy knowing that this one child was spared Also this book has a meaning other than you feeling sorry for me as I don't need nor want pity Neither is this book where I want to air out my family's faults and failures To this day I have never told a person about my young life I chose to wait until all the people who had made my life a living hell had passed away What inspired me to open up was an experience that happened to me about 5 years ago I was living with my former partner in Buenos Aires Argentina and one day he happened to pick up a folder of old pictures In the folder were school photographs of me from around the age of first through 6th grade I saw that he had the pictures spread over the dining room table and had this confused look on his face Finally he spoke and said Jim I need to ask you a question Why in all these pictures do you have marks on your face He went on pointing out that in each picture I had either a busted lip scratches and even a black eye I suddenly went into a panic mode Somebody saw what I had kept hidden over 25 years and something I wanted to forget I sat there for at least 2 hours and told him everything that had happened to me from starting my life in an orphanage until I was almost 3 years old and up to the present The torture in my life did not end the day my Mother put me out of the house at 15 16 years old My life still had more obstacles for me to face I was then fighting my own sexuality I didn't understand what was happening and sadly had not one person I could trust I needed help and back in the late 60s and 70s there were no organizations available to help An alternative life style in those days were not accepted anywhere I was an outcast from what

the world called normal and there was no alternatives I remember boys getting the hell knocked out of them if they were even considered just a little too effeminate I had my share of two such bullies has a kid and I didnt need that experience again I realize that times have changed and through this wonderful thing called the media my heroes in life have showed the public just the tip of the iceberg Please dont fall in the trap of believing that since times have changed people have Today we have people like Oprah Ricky Martin and Ellen Degeneres who have brought this fact to the publics attention as w My Family Compass Ann Stone,2012-08-15 Ring around the Rosie A pocket full of posies Ashes Ashes We all fall down As a little girl growing up singing Ring Around the Rosie little did I know that this would become our family ballad My maternal grandpa used to say One day this family will destroy itself How could I possibly understand what that meant But I remember him saying it all the same Grandpas prediction now rings true as our family did destroy itself and fell to the ashes with the final act of our mothers passing She left a carefully woven Gordian knot through deceptive means in her death wake of such vast proportion and complexity that it may never unravel The death and passing of a loved one is difficult even under the best of circumstances But if the ties that bind left behind unaddressed confusion misunderstandings and or deceit the pain can run deep and leave a lasting nonnegotiable imprint limited not to just one member but the entire family for generations to come
