The InterActive Reader Plus ,2005-06-20 Once Upon a Time There was a Little Girl Marcella Hannon Shields Ph. D.,2008-07 Once Upon a Time There Was a Little Girl shares the moving stories of seven women who as young girls experienced the early loss of their mothers through death or physical or emotional abandonment The women explore their personal traumas through their responses to seven fairy tales in which there was no nurturing maternal presence Dr Marcella Shields is a psychologist with over thirty years of experience who reveals the inspiring journeys of these women who eventually triumph over suffering and learn to rely on the bond they have formed with each other to help reclaim their passion for life By exploring seven timeless fairy tales in which the heroine finds her way through the grief of abandonment the women offer a deeper understanding of the significance of the mother daughter bond and the devastating consequences for the daughter if this bond is ruptured early The poignant life stories and dreams courageously offered by these women show how fairy tales allowed them to understand and refashion themselves and provide a source of encouragement and hope for other women who have experienced early maternal loss Fathers raising daughters without a consistent maternal presence will also find the reflections valuable William Faulkner Henry Claridge,1999 This collection concentrates on earlier less accessible material on Faulkner that will complement rather than duplicate existing library collections Vol I General Perspectives Memories Recollections and Interviews Contemporary Political Opinion Vol II Assessments on Individual Works from Early Writings to As I Lay Dying Vol III Assessments on Individual Works from Sanctuary to Go Down Moses and Other Stories Vol IV Assessments on Individual Works from the Short Stories to The Reivers Faulkner and the South Faulkner and Race Faulkner and the French Circle Around the Sun M. of place **Going Soft? The US and China Go Global** Mei Renyi, 2014-04-11 What is soft power How can a country acquire and enjoy it Is it the product of public or private initiatives How significant is soft power in world affairs The concept of soft power the idea that international success depends not just upon weaponry force and military coercion but also on admiration and respect for a country's culture and way of life is winning ever greater global attention As China enjoys ever increasing heft on the global scene many Chinese officials seek to emulate the past success of the United States in dominating the world not simply militarily but in terms of influence and prestige Most are very conscious that soft power can be extremely valuable in terms of supplementing and boosting their country's military and strategic position but are often uncertain as to how to deploy the instruments of propaganda and cultural diplomacy most effectively The essays in this volume largely written by scholars based in mainland China represent an extended effort to debate and assess the theoretical concept of soft power and just what it means and how it works in practice The authors focus upon the practical impact and implications of soft power in diverse settings and situations in the United States past and present How they ask does soft power relate to issues of religion gender race and social equality at home and abroad What do American elections and political rhetoric do for American soft power Will China succeed in rivalling the United States in power whether hard soft or smart And how will soft power feature in US China relations present and future **Approaching Medieval English**

Anchoritic and Mystical Texts Dee Dyas, Valerie Edden, Roger Ellis, 2005 Essays suggesting new ways of studying the crucial but sometimes difficult range of medieval mystical material This volume seeks to explore the origins context and content of the anchoritic and mystical texts produced in England during the Middle Ages and to examine the ways in which these texts may be studied and taught today It foregrounds issues of context and interaction seeking both to position medieval spiritual writings against a surprisingly wide range of contemporary contexts and to face the challenge of making these texts accessible to a wider readership The contributions by leading scholars in the field incorporate historical literary and theological perspectives and offer critical approaches and background material which will inform both research and teaching The approaches to Middle English anchoritic and mystical texts suggested in this volume are many and varied In this they reflect the richness and complexity of the contexts from which these writings emerged These essays are offered as part of an ongoing exploration of aspects of medieval spirituality which while posing a considerable challenge to modern readers also offer invaluable insights into the interaction between medieval culture and belief Contributors E A Jones Dee Dyas Valerie Edden Santha Bhattacharji Denis Renevey A C Spearing Thomas Bestul Liz Herbert McAvoy Barry A Windeatt Alexandra Barratt R S Allen Roger Ellis Ann M Hutchison Marion Glasscoe Catherine Innes Parker *Girls in Contemporary Vampire Fiction* Agnieszka Stasiewicz-Bieñkowska, 2021-05-08 This book explores the narratives of girlhood in contemporary YA vampire fiction bringing into the spotlight the genre's radical ambivalent and contradictory visions of young femininity Agnieszka Stasiewicz Bieñkowska considers less explored popular vampire series for girls particularly those by P C and

Tone Judith Roof,2020-10-29 Tone is often decisive in whether we love or dislike a story novel or even critical essay Yet literary critics rarely treat tone as a necessary or important element of literary style or critique There are surprisingly few analyses of what tone is how texts produce tone or the ways tone as an essential element of narration contributes to character story mood and voice Tone s 24 micro chapters offer a playful eclectic and fast paced guide into the creation of tone in a variety of modern and contemporary works of literature by such varied writers as Hemingway Woolf and Sedaris as well as in criticism advertising and machine authored texts Judith Roof shows how tone is a crucial element in all writing as it produces the illusion of a telling voice creates a sense of character personality and attitude inflects events recounted anticipates certain directions and possibilities and creates an ambiance that simultaneously produces enables and shapes narratives and characters Tone gives us a lively and original way to rethink the practice of literary criticism

The Life & Times of Malcolm McLaren Paul Gorman,2020-04-09 I couldn t put this book down Malcolm inspired us to make art out of our boredom and anger He set us free Bobby Gillespie Primal Scream Included in the Guardian 10 best music biographies Excellent With this book Gorman convincingly moves away from the ossified image of McLaren as a great rock n roll swindler a morally bankrupt punk Mephistopheles and closer towards his art school roots his love of ideas Tiresome unpleasant even cruel he was this book underlines never boring Sunday Times Exhaustive compelling Observer Definitive epic The Times Gobsnacker of a biography Telegraph This masterful and painstaking biography opens its doorway to an era of fluorescent disenchantment and outlandish possibility Alan Moore Malcolm McLaren was one of the most culturally significant but misunderstood figures of the modern era Ten years after his life was cruelly cut short by cancer The Life Times of Malcolm McLaren sheds fascinating new light on the public achievements and private life of this cultural iconoclast and architect of punk whose championing of street culture movements including hip hop and Voguing reverberates to this day With exclusive contributions from friends and intimates and access to private papers and family documents this biography uncovers the true story behind this complicated figure McLaren first achieved public prominence as a rebellious art student by making the news in 1966 after being arrested for burning the US flag in front of the American Embassy in London He maintained this incendiary reputation by fast tracking vanguard and left field ideas to the centre of the media glare via his creation and stewardship of the Sex Pistols and work with Adam Ant Boy George and Bow Wow Wow Meanwhile McLaren s ground breaking design partnership with Vivienne

Westwood and his creation of their visionary series of boutiques in the 1970s and early 80s sent shockwaves through the fashion industry. The Life Times of Malcolm McLaren also essays McLaren's exasperating Hollywood years when he broke bread with the likes of Steven Spielberg though his slate of projects which included the controversial Heavy Metal Surf Nazis and Wilde West in which Oscar Wilde introduced rock n roll to the American mid west in the 1880s proved too rich for the play it safe film business. With a preface by Alan Moore who collaborated with McLaren on the unrealised film project Fashion Beast and an essay by Lou Stoppard casting a twenty first century perspective over his achievements The Life Times Of Malcolm McLaren is the explosive and definitive account of the man dubbed by Melvyn Bragg the Diaghilev of punk.

But it has been made clear that Muhura Ahina and the bad angels would only be scattered incapacitated for some time but they would not be destroyed completely by demolishing the evil palace which was constructed by Sasinadh at the instance of Muhura for him and his bad angels. It has been further made clear that Muhura and his gang sooner or later could gather together get their powers back strike on their betrayers and the world again. After six months of the demolition of the evil palace odd and horrifying incidents started to happen again. Aravind's daughter Sarita and psychiatrist Rose's daughter Emily started behaving odd and it has been thought as split personality for sometime. But as psychiatrists Charles and Nirajan's wives were also behaving oddly they have to consider the whole of their four behavior in a different angle. Vamsi's inability to contact Amaswitha anymore along with other odd and fearsome incidents also put them in anxiety. When Sahamooti proposed to make an experiment with the help of Aravind to invite Amaswitha Aravind agreed to the same. The same proposed by Sahamooti to invite Amaswitha and talk with her after the failure of the experiment with Aravind was agreed by each and everyone. How the same has been conducted how Vamsi Sahamooti and Aravind solved the problem of Muhura and his gang forever is the story of this novel Sasikala. **Literary Theories in Praxis** Shirley F.

Staton, 1987. Literary Theories in Praxis analyzes the ways in which critical theories are transformed into literary criticism and methodology. To demonstrate the application of this analysis critical writings of Roland Barthes, Harold Bloom, Cleanth Brooks, Jacques Derrida, Northrop Frye, Norman Holland, Barbara Johnson, Jacques Lacan, Adrienne Rich and Robert Scholes are examined in terms of the primary critical stance each author employs. New Critical, phenomenological, archetypal, structuralist, semiotic, sociological, psychoanalytic, reader response, deconstructionist or humanist. The book is divided into nine

sections each with a prefatory essay explaining the critical stance taken in the selections that follow and describing how theory becomes literary criticism In a headnote to each selection Staton analyzes how the critic applies his or her critical methodology to the subject literary work Shirley F Staton s introduction sketches the overall philosophical positions and relationships among the various critical modes Emily's Songbook Mark Slobin,James W.
