Public Relations Techniques Albina Gayoso, 2023-01-01 This book focuses on Political Public Relations PPR Techniques of both Russian and US Leaderships It does so by analysing leadership presidential or otherwise inaugural addresses from the two countries between 1980 to 2018 using triangulation analysis of verbal non verbal language and emotions of speakers Given that the Russian perception of Political Public Relations known as Political Technologies PT in Russia is unique and often misunderstood or misinterpreted in Western scholarship the book acts as a bridge between these two fields of studies With that in mind the study of Political Technologies is explained and applied in a wider sense than is offered by other disciplines specifically in more meaningful ways than suggested in communications discipline in the West In doing so the book not only offers a deep dive into theory but also provides a unique methodology aiming at extracting and analysing PPR or PT techniques This triangulation method allows us to investigate a combined effect of audio visual and verbal effects on the general public and offers a way of interpreting such effects Readers would understand more about the research dynamic in PPR discipline apply the triangulation methodology to expand this research and more generally find out more about the evidence based list of PPR techniques and their applications and interpretations *The Routledge Handbook of Strategic Communication* Derina Holtzhausen, Ansgar Zerfass, 2014-11-20 The Routledge Handbook of Strategic Communication

Political Public Relations Anastasios Theofilou,Martina Topić,2025-02-04 Despite strong arguments that have been exploring the influence of Public Relations PR on public information propaganda the development of nation branding and policy making there remains little research on the history of governmental PR This has led to a limited understanding of the

discipline that aligns it with a supportive role to wider marketing campaigns or with a stretch to political communication through lobbying Responding to this challenge this book explores PR's historical connection to government communication The editors assemble respected contributors to explore government PR through a series of micro histories and also examine larger theoretical issues including the relationship between PR and propaganda The chapters explore behavioural aspects of government campaigning and the tools and techniques typically used In the context of COVID 19 and global resistance to measures while health and climate scientists warn that there might be more pandemics to come looking at behavioural campaigning becomes even more relevant This book will add knowledge and understanding to the fields of PR history and historiography Academics and researchers will find the volume appropriate for research and teaching

Government Communication Karen Sanders, Maria Jose Canel, 2013-06-20 Government communication is a curiously neglected area of discursive analysis No considered examination of the subject exists which provides either an account of the contemporary governmental landscape or an explanation of the common and divergent themes on both a domestic and international basis This volume aims to fill that gap providing a concise and illuminating case study based review of government communication It will be divided into three sections to reflect differences in both geography and political allegiances scrutinizing continental Europe Anglo American traditions and newly emerging democracies Offering a global and thematic account it is an indispensable resource for all students of political communication

A Critical Public Relations Approach to Crisis Communication and Management Huabin Wang, 2022-10-19 This book proposes a critical public relations approach to analyzing crisis communication with Malaysia Airlines flight 370 MH370 disappearance 2014 2018 as a case study It examines the discursive process of Malaysia s crisis response and image building tracing Malaysia Airlines during the immediate response and the Malaysian establishment until the official suspension of the underwater search The study features a critical discourse analysis of 84 national media texts and 85 response statements focusing on three aspects the national media representations of Malaysia s image the national carrier and the government s rhetorical strategies of delivering stances and actions and the dynamic process of image reconstruction and national recovery The present project contributes to the current research area by integrating both linguistic and public relations perspectives and more importantly by highlighting the ideological impact instead of merely behavioral effectiveness in modern communication research Target readers may find their interest in corporate crisis communication critical inquiry about political public relations and the MH370 incident in general

Opinion Polls and the Media C. Holtz-Bacha, J. Strömbäck, 2012-04-05 Opinion Polls and the Media provides the most comprehensive analysis to date on the relationship between the media opinion polls and public opinion Looking at the extent to which the media through their use of opinion polls both reflect and shape public opinion it brings together a team of leading scholars and analyzes theoretical and methodological approaches to the media and their use of opinion polls The contributors explore how the media use opinion polls in a range of countries across the world and analyze the effects and uses of opinion polls by the public as well as political actors

Political Reputation Management Christian Schnee, 2014-12-17 It is widely assumed that a competitive political environment of public distrust and critical media forces political parties to manage communications and reputations strategically but is this really true Comprehensive control of communications in a fast moving political and media setting is often upset by events outside the

communicator's control taking over the news agenda and changing the political narrative. Based on interviews with leading communicators and journalists, this book explores the tensions between a planned strategic communications approach and a reactive tactical one. The interviewees who over the past 15 years have been instrumental in presenting and shaping the public persona of party leaders and Prime Ministers include, amongst others, William Hague, Ian Duncan Smith, Michael Howard, David Cameron, Tony Blair, and Gordon Brown. It draws a unique picture of how political reputations are managed and ultimately confirms the discrepancy between what political communications management is thought to be and how communications practitioners actually operate. This book empirically reviews political communications practice in order to analyse to what degree reality matches the concepts of strategic communications management. This will be essential reading for researchers, educators, and advanced students in public relations, communications studies, and marketing.

Public Relations Theory III Carl Botan, Erich Sommerfeldt, 2023-02-22. This important book chronicles, responds to, and advances the leading theories in the public relations discipline. Taking up the work begun by the books *Public Relations Theory* and *Public Relations Theory II*, this volume offers completely original material reflecting public relations as practiced today. It features contributions by leading public relations researchers from around the world who write about new developments in the field. Important subjects include a turn to more humanistic, social, dialogic, and cocreational perspectives on public relations; changes in the capacity and use of new information technologies; a greater emphasis on non-Western, international, and intercultural public relations; that considers an increasingly politically polarized culture; and issues of ethics that look beyond how clients and the traditional mass media are treated and into much broader questions of voice, agency, race, identity, and the economic and political status of publics. This book is a touchstone for advanced undergraduate and graduate courses in public relations theory and a key reference for researchers.

The Handbook of Public Sector Communication Vilma Luoma-aho, María José Canel, 2020-03-24. A multidisciplinary collection on global public entity strategic communication.
