German and Belgian dish and it is a cousin to the Dutch meatball. US meatloaf has their origins in scrapple, a combination of ground pork and cornmeal served simply by German Americans in Missouri since Colonial times. Exactly who knew meatloaf wasn't only the creation of thrifty housewives during the Great Depression is unclear. It's similar to the concept of mixing meat with a tenderizing filler. Injections of fat traces back to the first or 5th century AD when the particular Roman cookbook Apicius presented a food for patties made from chopped animal meat, bread, and also wine. But it really wasn't till the late 1800s of which American meatloaf was given birth to, inspired by means of recipes proposed by manufacturers from the newly conceived meat grinder.
