Advanced Chemistry for You Lawrie Ryan, 2000 Advanced Chemistry for You has been carefully designed to be interesting and motivating to the AS/A2 student with features that make it highly supportive of individual learning. Written by an experienced author team with the same straightforward approach as the successful New for You GCSE series.

Choose the right A levels Ray Le Tarouilly, 2017-11-03 Selecting the right A levels is more important than ever in helping you shape your future path whether through securing a place at your ideal university or starting out on your chosen career. But with such a huge variety of subject options and combinations on offer where do you begin and indeed what are the right choices? In truth what's right is what's best for you and any decisions you make about your future should therefore be informed and personal to you to ensure you find the perfect match to suit your own individual interests, skills and learning style. Giving you all the knowledge you need at your fingertips to support you in making these important decisions, Choose the Right A levels is your one stop source of practical information answering key questions such as: What does the course outline look like and how is the subject assessed? What key skills does the subject draw on and develop? Which subjects are preferred or required for certain degree courses and careers? What will I need at GCSE to study the subject and how does the subject compare to GCSE? What subjects combine well together? This comprehensive and impartial guide also features comparative data on national pass rates for each subject and insightful student case studies on what did and didn't work well for others. Written by an expert Careers Adviser and laid out in a simple format for ease of use, this accessible guide is your essential aid to navigating the wide range of subject options available and making the best choices for you and your future.
