Women Writing Musicals Jennifer Ashley Tepper, 2024-11-19

The first ever book to tell the stories of over 300 inspiring women who wrote Broadway and Off Broadway musicals that *Publishers Weekly* calls an exhaustive tribute to women whose contributions to Broadway musical history have often been overlooked. *Library Journal* praises the book, saying Tepper has

fashioned a winning book on the unsung heroines of Broadway musicals that will be appreciated by readers of women's studies and theater lore. Kirkus Reviews says it's an encyclopedic reference and a long overdue tribute to female lyricists and composers. From the composers who pounded the pavement selling their music in Tin Pan Alley at the turn of the twentieth century to the lyricists who broke new ground writing shows during the Great Depression to the book writers who penned protest musicals fighting for social justice during the 1970s to those who are revitalizing the landscape of American theatre today, *Women Writing Musicals* tells the stories of over 300 inspiring women who wrote Broadway and Off Broadway musicals. Jennifer Ashley Tepper's definitive book covers prolific and celebrated Broadway writers like Betty Comden and Jeanine Tesori, women who have written musicals but gained fame elsewhere like Dolly Parton and Sara Bareilles, and dramatists you've never heard of but definitely should have. Among the gems shared here are the stories of Clara Driscoll, who saved the Alamo and also wrote a Broadway musical; Micki Grant, whose mega-hit musical about the Black experience made her the first woman to write book, music, and lyrics for a Broadway show; Mar a Grever, who made her Broadway debut at age 56 and who was the first Mexican female composer to achieve international success; and the first all-female writing team for a Broadway musical in 1922, Annelu Burns, Anna Wynne O'Ryan, Madelyn Sheppard, and Helen S. Woodruff. This book is a treasure trove for theatre-loving readers that Tony and Emmy Award-winning actor and singer Kristin Chenoweth praises as a wonderful resource for actors and an important read for anyone interested in theatre.

Ancient Sculpture and Twentieth-Century American Womanhood Hallie Franks, 2025-01-09 This book examines the reception of Graeco-Roman sculptures of Venus and their role in the construction of the body aesthetics of the fit American woman in the decades around the turn of the 20th century. In this historical moment, 19th-century anthropometric methods, the anti-corset dress reform movement, and early fitness culture were united in their goal of identifying and producing healthy, procreative female bodies. These discourses presented ancient statues of Venus, most frequently the Venus de Milo, as the supreme visual model of a superior, fit feminine physique. An America of such Venuses would herald the future prosperity of the American race by reviving the robust health and moral righteousness of the ancient Greeks. Venuses had long been symbols of beauty, but the new situation of Venus statues as an aesthetic and moral destination for women set up a slippage between ideal sculpture and living bodies: what did it mean for a woman to embody or to try to embody the perfect health and beauty of an ancient statue? How were women expected to translate this model into flesh? What were the political stakes to which this vision of a nation of American Venuses was bound? Who was believed to conform to this ideal and who was excluded from it? In taking on these questions, Franks engages with physical culture and dress reform media, modern artwork that adapts Graeco-Roman traditions, anthropological texts, art histories of ancient Greece, film advertising, and medical reporting on women's health.

Ghostly Communion John J. Kucich, 2015-03-24 In this exceptional book Kucich reveals through his readings of literary and historical accounts that spiritualism helped shape the terms by which Native American European and African cultures interacted in America from the earliest days of contact through the present Beginning his study with a provocative juxtaposition of the Pueblo Indian Revolt and the Salem Witchcraft trials of the seventeenth century Kucich examines how both events forged contact zones spaces of intense cultural conflict and negotiation mediated by spiritualism Kucich goes on to chronicle how a diverse group of writers used spiritualism to reshape a range of such contact zones These include Rochester New York where Harriet Jacobs adapted the spirit rappings of the Fox Sisters and the abolitionist writings of Frederick Douglass as she crafted her own story of escape from slavery mid century periodicals from the Atlantic Monthly to the Cherokee Advocate to the Anglo African Magazine post bellum representations of the afterlife by Elizabeth Stuart Phelps Mark Twain and the Native Americans who developed the Ghost Dance turn of the century local color fiction by writers like Sarah Orne Jewett Charles Chesnutt and Maria Cristina Mena and the New England reformist circles traced in Henry James's The Bostonians and Pauline Hopkins's Of One Blood Kucich's conclusion looks briefly at New Age spiritualism then considers the implications of a cross cultural scholarship that draws on a variety of critical methodologies from border and ethnic studies to feminism to post colonialism and the public sphere The implications of this study which brings well known canonical writers and lesser known writers into conversation with one another are broadly relevant to the resurgent interest in religious studies and American cultural studies in general

Telling Narratives Leslie W. Lewis, 2024-03-18 Telling Narratives analyzes key texts from nineteenth and early twentieth century African American literature to demonstrate how secrets and their many tellings have become slavery's legacy By focusing on the ways secrets are told in texts by Jessie Fauset Charles W Chesnutt Pauline Hopkins Frederick Douglass and others Leslie W Lewis suggests an alternative model to the feminist dichotomy of breaking silence in response to sexual violence This fascinating study also suggests that masculine bias problematically ignores female experience in order to equate slavery with social death In calling attention to the sexual behavior of slave masters in African American literature Lewis highlights its importance to slavery's legacy and offers a new understanding of the origins of self consciousness within African American experience

Women's Experience of

Modernity, 1875-1945 Ann L. Ardis, Leslie W. Lewis, 2003-05-22 A collection of essays on women's history and literary production at the turn of the twentieth century that centers the feminine phenomena. Analyzing such cultural practices as selling and shopping, political and social activism, urban field work and rural labor, radical discourses on feminine sexuality and literary and artistic experimentation, this volume contributes to the rich vein of current feminist scholarship on the gender of modernism and challenges the assumption that modernism rose naturally or inevitably to the forefront of the cultural landscape at the turn of the twentieth century. During this period, women's experience was a rallying cry for feminists, a unifying cause that allowed women to work together to effect social change and make claims for women's rights. However, it also proved to be a source of great divisiveness among women for claims about its universality quickly unraveled to reveal the classism, racism, and Eurocentrism of various feminist activities and organizations. The essays in this volume examine both literary and non-literary writings of Jane Addams, Djuna Barnes, Toru Dutt, Radclyffe Hall, H. D., Pauline Hopkins, Emma Dunham Kelley, Amy Levy, Alice Meynell, Bram Stoker, Ida B. Wells, Rebecca West, and others. Instead of focusing exclusively or even centrally on modernism and literature, these essays address a broad array of textual materials from political pamphlets to gynecology textbooks as they investigate women's responses to the rise of commodity capitalism, middle-class women's entrance into the labor force, the welfare state's invasion of the working-class home, and the intensified eroticization of racial and class differences.

The Motherless Child in the Novels of Pauline Hopkins Jill Bergman, 2012-12-17 Well known in her day as a singer, playwright, author, and editor of the *Colored American Magazine*, Pauline Hopkins (1859-1930) has been the subject of considerable scholarly attention over the last twenty years. Academic review of her many accomplishments, however, largely overlooks Hopkins's contributions as novelist. *The Motherless Child in the Novels of Pauline Hopkins*, the first book-length study of Hopkins's major fiction, fills this gap, offering a sustained analysis of motherlessness in *Contending Forces*, *Hagar's Daughter*, *Winona*, and *Of One Blood*. Motherlessness appears in all of Hopkins's novels. The motif, Jill Bergman asserts, resonated profoundly for African Americans living with the legacy of abduction from a motherland and familial fragmentation under slavery. In her novels, motherlessness serves as a trope for the national alienation of post-Reconstruction African Americans. The longing and search for a maternal figure then represents an effort to reconnect with the absent mother, a missing parent, and a lost African history and heritage. In Hopkins's oeuvre, the image of the mother of African heritage, a source of both identity and persecution, becomes a source of power and possibility. Bergman shows how historical events such as Bleeding Kansas, the execution of John Brown, and the Middle Passage gave rise to a sense of motherlessness and how Hopkins's work engages with that of other contemporaneous race activists. This illuminating study opens new terrain not only in Hopkins scholarship but also in the complex interchanges between literary African American psychoanalytic, feminist, and postcolonial studies.

Yours for Humanity JoAnn Pavletich, 2022-12-15 Pauline Elizabeth Hopkins (1859-1930), African American novelist, editor, journalist, playwright, historian, and public intellectual, used fiction to

explore and intervene in the social racial and political challenges of her era Her particular form of cultural activism was groundbreaking for its time and continues to influence and inspire authors and scholars today This collection of essays constitutes a new phase in the full historical and literary recovery of her work JoAnn Pavletich argues that considered from the broadest of perspectives Hopkins s life work occupies itself with the critique and creation of epistemologies that control racialized knowledge and experience Whether in representations of a critical contemporary problem such as lynching imperialism or pan African unity or in representations of African American women s voices Hopkins s texts create new knowledge and new frames for understanding it The essays in this collection engage this knowledge articulating nuanced understandings of Hopkins s era and her innovative writing practices opening new doors for the next generation of Hopkins scholarship With contributions from well established Hopkins scholars such as John Gruesser editor of *The Unruly Voice* and Hanna Wallinger author of *Pauline E Hopkins A Literary Biography* the collection also includes important new scholars on Hopkins such as Elizabeth Cali Edlie Wong and others
