Alison's Slow Cooker Chicken Recipes - Time Saving, Easy to Make, Mouth Watering Meals with Slow Cooker Vol. 2

Alison Kowalski,2015-06-09 In today s modern age it s hard to find the kind of cooking that I grew up with When I was a child cooking was a family activity that was always spearheaded by my grandmother the matriarch of my family These days I noticed how many different children are now growing up without home cooked meals or the dinners cooked with love by their parents It s a shame and it s something that needs to be corrected In this cookbook instead of jamming it with hundreds of recipes that you would probably never use I have hand picked 50 of my family s most favorite slow cooker chicken recipes They are the best of the best Not only they are delicious but also very easy to prepare perfect for anyone who is leading a busy lifestyle and simply doesn t have the time to cook Just imagine a great meal your whole family would enjoy that only takes 10 15 minutes to prepare then just let the slow cooker or Crockpot do its magic while you are at work The dinner would be ready when everyone walks in the door The Table of Contents allows you to go to any individual recipe with a single click So go ahead Try them out and mix them up May they serve you and your family as well as they have served mine

Paleo Diet for Athletes John Davidson,2013-05-15 Table of Contents Preface SECTION I Getting Started Chapter 1 An Introduction Chapter 2 Between the lines Chapter 3 Added Benefits Chapter 4 Switching to the Paleo Diet SECTION II Paleo Specifics Chapter 1 Importance of BCAAs Chapter 2 Importance of Simple Carbs SECTION III Diet Plan Chapter 1 Basic Paleo Plan Chapter 2 Pre work out meals Chapter 3 Post work out meals Chapter 4 Breakfast Chapter 5 Lunch Chapter 6 Dinner Conclusion References Try our diet and get leaner try our diet and you ll lose 10 pounds in a week try our diet and you ll never have to do cardio again and the list goes on and on In today s world dieting has become more of a business than a way to benefit people s lives There are hundreds of diets out there and dozens making their way into the market all cleverly advertised to target the core weakness of every consumer A promise to make your life better This is largely a hollow promise but still health corporations succeed in trapping hundreds of thousands of people So the question arises what is so special about the Paleo diet that makes it worth trying For starters the Paleo diet isn t a new thing it wasn t created a few years or decades ago by some professor in a testing lab The Paleo diet was a result of humans fight for survival it was what our

ancestors used to eat 10 000 years ago right around the time when there were no grocery stores super markets and fast food Eating wasn't something to do in free time to eat one had to search for his/her food hunt it down and cook it in on whatever was available Thus Paleo is not just a diet it's a lifestyle one which will truly make your life healthier The Paleo diet was just revived and popularized in the 70s by a Gastroenterologist Walter L Voegtlin This led to one research paper after another one book after another being published by several doctors and nutritionists By the 90s the Paleo diet had made its mark on the dieting market and had started to shape the dieting landscape Practitioners started to create derivatives of the diet synthesizing the pure Paleo meals by adding extra ingredients In this book I will only be using pure Paleo meals as a guide to a better life This book is written keeping in mind the physical side of a healthier lifestyle You'll see how athletes can benefit from the Paleo diet be it swimmers wrestlers runners or players of any game The claims will be backed by scientific evidence and you'll see progress within weeks
