**The Foundry modo Notes: Essential modo 3D Graphics Techniques for Advanced Beginners** Ken Freed,2014-06-12 Most modo books and training videos are marketed by giving the beginner quick results on a project but this tends to impart a paint by numbers knowledge of the software This book represents a distillation of a number of modo books and tutorials and describes a set of common basic operations which underlie many modo 3D graphics projects Keeping in mind that 3D graphics software is NOT as intuitive as Microsoft Word or PowerPoint just realizing how to carry out basic 3D graphic operations and what parts of the

screen relate to others in the process is often half the challenge for the modo advanced beginner If you re an advanced beginner i e have some experience of the basics covered by most modo books but find many tutorials time consuming to follow and replicate because the experts tend to take the more advanced basics for granted the essentials laid out in this book have been written for you      Creating a 3D Animated CGI Short: The Making of the Autiton Archives Fault Effect - Pilot Webisode Michael Scaramozzino,2010-02-17      Creating 3D Game Art for the iPhone with Unity Wes McDermott,2010

With iPhone and Unity game developers are empowered to create compelling games but they must be careful to specifically address the unique challenges of the iPhone hardware cpu and gpu requirements This book teaches artists how to circumvent the potential pitfalls      **3D for Graphic Designers** Ellery Connell,2011-07-07 Helping graphic designers expand their 2D skills into the 3D space The trend in graphic design is towards 3D with the demand for motion graphics animation photorealism and interactivity rapidly increasing And with the meteoric rise of iPads smartphones and other interactive devices the design landscape is changing faster than ever 2D digital artists who need a quick and efficient way to join this brave new world will want 3D for Graphic Designers Readers get hands on basic training in working in the 3D space including product design industrial design and visualization modeling animation lighting and rendering all the skills necessary in today s competitive environment Helps 2D graphic designers gain the skills they need for a competitive job market that increasingly demands the ability to create or work in 3D Covers product design industrial design and visualization modeling animation lighting and rendering Prepares you to create designs for iPads and other interactive mobile devices as well as for print Web broadcast film HD video and more Uses Luxology modo to illustrate 3D concepts but the author s techniques and insights will help any artist moving into 3D no matter what software they use This timely book is just what you need to create compelling and realistic 3D imagery and improve your job skills      **Digital Apollo** David A. Mindell,2011-09-30 The incredible story of how human pilots and automated systems worked together to achieve the ultimate achievement in flight the lunar landings of NASA s Apollo program As Apollo 11 s Lunar Module descended toward the moon under automatic control a program alarm in the guidance computer s software nearly caused a mission abort Neil Armstrong responded by switching off the automatic mode and taking direct control He stopped monitoring the computer and began flying the spacecraft relying on skill to land it and earning praise for a triumph of human over machine In Digital Apollo engineer historian David Mindell takes this famous moment as a starting point for an exploration of the relationship between humans and computers in the Apollo program In each of the six Apollo landings the astronaut in command seized control from the computer and landed with his hand on the stick Mindell recounts the story of astronauts desire to control their spacecraft in parallel with the history of the Apollo Guidance Computer From the early days of aviation through the birth of spaceflight test pilots and astronauts sought to be more than spam in a can despite the automatic controls digital computers and software developed by engineers Digital Apollo examines the design and execution of each of the six Apollo moon

landings drawing on transcripts and data telemetry from the flights astronaut interviews and NASA's extensive archives Mindell's exploration of how human pilots and automated systems worked together to achieve the ultimate in flight a lunar landing traces and reframes the debate over the future of humans and automation in space The results have implications for any venture in which human roles seem threatened by automated systems whether it is the work at our desktops or the future of exploration     **Digit** ,2007     **Computer Arts** ,2005     **Real World modo: The Authorized Guide** Wes McDermott,2014-05-30 modo is one of the most exciting 3D applications to come out in ages With its revolutionary toolset inspiring 3D rendering engine and advanced ergonomics it promises to offer tremendous advantages to almost any segment within the CGI and graphics industry This book teaches artists how to use modo to maximize benefits with the shortest learning curve To not only identify and exploit the power of the modo toolset but to also show the tremendous advantages of learning and implementing modo to any who could derive a benefit by doing so McKay Hawkes will illuminate modo with clear motivating entertaining and stylized pages This book will inspire and intrigue readers with captivating imagery strong emotional draw pertinent industry information real world observations and valuable tips tricks The companion web site hosted on Luxology's web site will include an online tutorial video relating to the creation of the inspiring cover art and all relating support files     [Real World Modo](#) Wes McDermott,2014 Modo is one of the most exciting 3D applications to come out in ages With its revolutionary toolset inspiring 3D rendering engine and advanced ergonomics it promises to offer tremendous advantages to almost any segment within the CGI and graphics industry This book teaches artists how to use modo to maximize benefits with the shortest learning curve To not only identify and exploit the power of the modo toolset but to also show the tremendous advantages of learning and implementing modo to any who could derive a benefit by doing so McKay Hawkes will illuminate modo with clear motivating entertaining and stylized pages This book will inspire and intrigue readers with captivating imagery strong emotional draw pertinent industry information real world observations and valuable tips and tricks The companion web site hosted on Luxology's web site will include an online tutorial video relating to the creation of the inspiring cover art and all relating support files     [Real-world Modo](#) Wes McDermott,2010 modo is one of the most exciting 3D applications to come out in ages With its revolutionary toolset inspiring 3D rendering engine and advanced ergonomics it promises to offer tremendous advantages to almost any segment within the CGI and graphics industry
