The Police in a Free Society Todd Douglas, 2017-09-15 An unprecedented look at the evolution of American police from filling their intended role as peacekeepers and guardians of citizen rights to calling themselves and acting primarily as law enforcement officers As accusations of police misconduct and racial bias increasingly dominate the media The Police in a Free Society Safeguarding Rights While Enforcing the Law takes an unflinching look at the police the communities they serve and the politicians who direct them Author Todd Douglas a veteran state police commander exposes the occurrences of police misconduct and incompetence as well as incidences of charlatans who intentionally inflame racial tensions with the police for their own political or financial gain Readers will better understand what police officers must deal with on a daily basis grasp the role of lawmakers in keeping faith with the public and appreciate the tremendous challenges that police leaders face in attempting to reverse recent trends and shore up public confidence in police officers This is a rare glimpse into the often ugly reality of what happens on America's streets with insights gained from the perspective of the cop and suspect alike

The War on Drugs in Sport Vanessa McDermott, 2015-10-23 This book is an innovative and compelling work that develops a modified moral panic model illustrated by the drugs in sport debate Drawing on Max Weber's work on moral authority and legitimacy McDermott argues that doping scandals create a crisis of legitimacy for sport governing bodies and other elite groups This

crisis leads to a moral panic where the issue at stake for elite groups is perceptions of their organizational legitimacy The book highlights the role of the media as a site where claims to legitimacy are made and contested contributing to the social construction of a moral panic The book explores the way regulatory responses in this case anti doping policies in sport reflect the interests of elite groups and the impact of those responses on individuals or folk devils The War on Drugs in Sport makes a key contribution to moral panic theory by adapting Goode and Ben Yehuda s moral panic model to capture the diversity of interests and complex relationships between elite groups The difference between this book and others in the field is its application of a new theoretical perspective supported by well researched empirical evidence Racialization, Islamophobia and Mistaken Identity Jagbir Jhutti-Johal, Hardeep Singh, 2019-08-16 Exploring the issue of Islamophobic attacks against Sikhs since 9 11 this book explains the historical religious and legal foundations and frameworks for understanding race hate crime against the Sikh community in the UK Focusing on the backlash that Sikhs in the UK have faced since 9 11 the authors provide a theological and historical backdrop to Sikh identity in the global context critically analysing the occurrences of Islamophobia since 9 11 7 7 and most recently post Brexit and how British Sikhs and the British government have responded and reacted to these incidents The experiences of American Sikhs are also explored and the impact of anti Sikh sentiment upon both these communities is considered Drawing on media reporting government policies the emerging body of inter disciplinary scholarship and empirical research this book contributes to the currently limited body of literature on anti Sikh hate crime and produces ideas for policy makers on how to rectify the situation Providing a better understanding of perceptions of anti Sikh sentiment and its impact this book will of interest to scholars and upper level students working on identity and hate crime and more generally in the fields of Religion and Politics Cultural Studies Media Studies and International Studies *Routledge International Handbook of Policing Crises and Emergencies* Gary Cordner, Martin Wright, 2024-07-30 This handbook explores those occasions when the police are faced with a public national or international crisis and are expected to continue to serve It provides a unique scholarly and international overview on policing crises and emergencies addressing the different contexts and challenges of working in extraordinary circumstances dealing with unfamiliarity and working with and alongside other agencies as well as the significant political and public requirement to return as quickly as possible to normality Sections include coverage of Policing disasters Policing public health emergencies Policing political protest Policing terror and conflict Policing mass violence Policing extreme crises and emergencies Each section is filled with a variety of international case studies examining best practice in the policing context together with a scene setting chapter tying together key theoretical and conceptual concepts It is essential reading for all engaged with professional policing law enforcement and public order *At the Brink* John R. This American Moment Caron E. Gentry, 2018-08-01 According to this book the United States is currently in a moment of crisis fomented by anxieties around race and gender politics Unlike fear which is usually focused on a particular object anxiety is indeterminate and uncertain It is also the emotion that led to the election and continued support of President Trump But Caron Gentry says that we can deal with this anxiety in a productive way To do so she turns to Reinhold Niebuhr whose philosophy of Christian realism has been an abiding influence on foreign policy since the Cold War According to Niebuhr Man's capacity for justice makes democracy possible but man's inclination to injustice makes democracy necessary Anxiety is central to Niebuhr's ideas an emotion that is abiding because we lack control over the circumstances of our lives In turn anxiety prompts a desire for unity but also an intolerance for difference Niebuhr suggests that anxiety can be dealt with destructively or creatively and that power must be balanced to prevent destructive action Gentry is critical of Niebuhr saying that he gives in to destructive tendencies in humans by elevating power above other more creative solutions In This American Moment she offers feminist Christian realism as an alternate approach to anxiety in international politics Gentry's feminist Christian realism differentiates itself from Niebuhr's Christian realism by re-engaging the importance of love and relationships over power It suggests that we can arrive at creative solutions to anxiety through a conversation about the imago dei and the inherent commitments to community borne of one's relationship with God including the recognition of obligation in the face of vulnerability

Throughout Gentry applies her ideas to the problems of police brutality women s reproductive health and the rise in fascist politics

Everyone a Sheriff Martin Alan Greenberg,2021-10-19

In *Everyone a Sheriff* the word sheriff serves as a metaphor for programs involving citizens in social control initiatives Partnership between community members and their local police force is at the heart of any effective strategy aimed at reducing urban crime and insecurity Ordinary community residents represent a vast untapped resource in the fight against crime disorder and fear The real story of citizens long association with the policing function is revealed The book highlights include an in depth examination of volunteerism primarily at the law enforcement level the importance of preparing youth and minorities for careers in policing and homeland security the need for transitioning police and citizen volunteers from serving not only as peacekeepers but becoming peacemakers a realistic view of various pitfalls when regular and volunteer police are thrust into patterns of co existence when fighting crime out on the street or seeking solutions to crime numerous examples of current police sponsored citizen academies police cadet and junior deputy programs histories of the invention of police and citizen supported neighborhood crime watch programs The only way to successfully cross the divide between the police and public is to give meaning to the phrase the police are the people and the people are the police

Policing White Supremacy Mike German,Beth Zasloff,2025-01-07

A former FBI agent's urgent call for law enforcement to prioritize far right violence and end tolerance for police racism In *Policing White Supremacy* former FBI agent Mike German who worked undercover in white supremacist and militia groups issues a wake up call about law enforcement's dangerously lax approach to far right violence Despite over a hundred deadly acts by far right militants since the 2017 Unite the Right rally in Charlottesville and the far right's attempts

to obstruct transfer of power to a duly elected president on January 6 the FBI continues to deprioritize investigations into white supremacist violence instead targeting marginalized groups such as environmentalists and Black Lives Matter In 2005 for example the FBI labeled eco terrorists as the top domestic threat despite not a single fatal attack in the United States Noting that the FBI does not even compile accurate national data on white supremacist violence German also exposes the continuing tolerance of overt racism in law enforcement and police membership in white supremacist organizations The threat these officers pose became clear when at least twenty eight current and former law enforcement officials were alleged to have participated in the 2021 Capitol breach With chapters on The Rise of the Proud Boys A New Approach to Policing Hate Crimes and Policing the Police Policing White Supremacy shows how the lack of transparency and accountability in federal state and local law enforcement has eroded public trust and undermined democracy Law Enforcement s Role in Resisting White Supremacy points the way forward to a future where far right violence is recognized and addressed as the true threat it presents to our country
