Timecode A User's Guide J. Ratcliff, 1999-04-23 Recent radical changes in timecode technology location shooting and post production working practices have been brought about by the fragmentation of the television programme making industry and by a dramatic increase in affordable digital transmission and editing equipment and systems With the expansion of non traditional television service producers cable satellite and video on demand almost anything goes as far as shooting and editing formats are concerned Timecode A User s Guide is an indispensable reference for anyone needing to get to grips with the many aspects of timecode whether in house or on location Taking into account these changes this book has now been brought completely up to date to include timecode and DVD LTC VITC in HANC packets in the serial digital TV interfaces timecode in IEEE1395 Firewire timecode and digital video cassettes new recording formats of DVD DV mini cassettes and D6 are included 4 3 scanning for wide screen films standards updated new material to cover new working practices new appendices to cover the global LF time data transmissions and time data embedded in BBC transmissions Advice is also given on avoiding and remedying faults and errors

Environmental policy tools : a user's guide., 1995 The search for smarter ways to prevent or control pollution has generated heated debate on almost every conceivable topic related to setting goals improving institutional arrangements and choosing the most effective means for achieving those goals This last issue choosing the means or policy instruments to meet environmental goals can be a surprisingly complex task for decision makers given the need to balance other competing concerns The environmental policy toolbox contains many and varied instruments but lacks a clear set of instructions for their use This OTA report fills that need The guide is organized into three major sections 1 The Environmental Policy Toolbox a discussion of 12 major policy tools their frequency of use and key strengths and weaknesses 2 The Criteria for Comparing Tools our evaluation of how effective these instruments are in achieving the values and interests or criteria decision makers are likely to weigh 3 Choosing Tools a series of questions for matching a tool or tools to a specific problem Choosing tools that satisfy several much less all of these criteria for a specific problem is the challenge Unfortunately no perfect policy tool exists to meet everyone s expectations for every problem
