Write a procedural piece that teaches your readers how to do a winter activity.

Winter time is really fun. If you live in a place with snow, you can build a snowman. All you need is snow, rocks and a carrot. First you need a handful of snow & pat it into a small ball. Stick sticks together. Second, you roll the ball around so that it gathers more snow. Keep rolling until the ball is 3 to 4 feet around. Third, roll a second ball to make two more snowballs. Place the second ball on top of the first. Fourth, place two rocks to form the eyes and a carrot for the nose. Now you know how to build a snowman. Have fun!
