mandate and a manifesto on the engagement of technology in classrooms Improvement Science in the Field Edwin Nii Bonney, Sarah A. Capello, Maxwell Yurkofsky, 2024-02-23 While several texts provide pedagogical and theoretical insights on improvement science for faculty graduate students and educational leaders practitioners voices are seldom heard Improvement Science in the Field Cases of Practitioners Leading Change in Schools fills this gap by presenting real life cases of K 12 practitioners use of improvement science to lead change in their educational systems Improvement Science in the Field Cases of Practitioners Leading Change in Schools contains two sections Part I presents practitioners accounts of their use of improvement science to address actual problems of practice such as closing discipline and achievement gaps managing teacher stress and mental health and improving school climate Part II follows a tradition of case based teaching in which authors provide part of their improvement journey and then invite readers to practice discuss brainstorm and reflect on how they would address the problem presented using the tools of improvement science **TALIS Supporting Teacher Professionalism Insights from TALIS 2013** OECD, 2016-02-12 This report examines the nature and extent of support for teacher professionalism using the Teaching and Learning International Survey TALIS 2013 a survey of teachers and principals in 34 countries and economies around the world **Education at a Glance 2021 OECD Indicators** OECD, 2021-09-16 Education at a Glance is the authoritative source for information on the state of education around the world The 2021 edition includes a focus on equity investigating how progress through education and the associated learning and labour market outcomes are impacted by dimensions such as gender socio economic status country of birth and regional location **Successful Teacher: Personality and Other Correlates** Elena Mirela Samfira, Tiberiu Sandu Dughi, Jesus de la Fuente, 2023-11-08 The question of what makes a good teacher has been asked by practitioners policymakers and researchers Teachers are important drivers of student success in the immediate term such as academic success Nowadays the education process is influenced by various factors which can all have a strong effect on the quality of teaching and learning Having the intention to create high quality teaching and learning it is very important to clearly determine what those factors are and what kind of effect they have on the education process Different teacher characteristics and competencies have been distinguished in the literature as being relevant predictors of their instructional quality Even though educational psychology has emphasized the significance of the personality role in the education process the empirical evidence on the relationship between teacher characteristics and instructional quality is not yet conclusive Certainly there is much more to find out Personal Competences in the Academic and Work Environment: Advancing Towards Psychological Wellbeing María del Mar Molero Jurado, María del Carmen Pérez-Fuentes , Carol D. Ryff, Pablo Molina, 2025-09-01 A behavioral repertoire composed of personal competencies such as emotional intelligence self awareness self esteem resilience assertiveness and autonomy has been considered crucial for positive personal and individual development These competencies support healthy psychological functioning and have a positive impact on promoting the health and

psychological well being of individuals The relevance of psychological well being is not limited to the absence of psychological distress but implies a state of fulfillment and satisfaction in the various domains of a person s life Personal competencies are therefore a crucial skill for people s lives in general and in the academic and work environment in particular It has been found that professionals in any field of work with good levels of personal competencies experience greater job satisfaction better management of demanding situations and less job burnout

Interculturality in Schools

Robyn Moloney,Maria Lobytsyna,John De Nobile,2022-07-26 This book provides a comprehensive study of professional learning courses in intercultural settings exploring how this impacts teachers and brings about change in classrooms culture across schools as a whole and children s lives The authors argue that teachers and schools must raise the stakes globally in an intercultural practice grounded in educational equity and anti racism Identifying the attributes that make a difference in teacher intercultural learning and change through analysis of both quantitative and qualitative data the study throws up marked tensions and contradictions between the desire to explore both an abstract personal concept and achieve practical outcomes in schools As case studies of two primary schools dig deep into teachers lives the book proposes a model of personal teacher interculturality which is constructed from the inside out The potential of neglected spaces in schools for intercultural identity is also highlighted by images of new practice This book is a supportive resource for schools or educational institutions in any global context that are seeking a fresh approach to intercultural education and holistic change
