German Diplomatic Relations 1871-1945 William Young, 2006 Examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 *Fighting Gigants* Mathew Scott, 2022-05-11 How can Germany Poland and Sweden turn pathological militias into sources of strength given the looming threat of Russian hybrid war Since 2014 it became clear Russia envisioned a cold war sphere of influence policy on its periphery These three countries have a rich paramilitary history but except for Poland few politicians have seriously considered their role outside of crises The Crimean annexation provided impetus for further defense innovation in Central Europe where the three states offered differing political and military cultures to build upon *Germany at War* David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent [The Rise and Decline of Modern Democracy](#) Damien Kingsbury, 2023-04-07 The Rise and Decline of Modern Democracy assesses the rise of subsequent political challenges to and decline of contemporary liberal democratic processes in particular since the

third wave of democratization from the 1990s Democracy is in global decline Fewer countries are democratic and fewer people globally live in substantive democracies Autocracy is now the dominant political form and the future looks at best challenging for the retention of such democracies that remain As they did a century ago nationalism and populism have again reared their ugly heads and more people are claiming that democracy no longer addresses their most compelling needs or interests This book examines what democracy is and the circumstances that allowed even encouraged it to arise Democracy has been a product of a need to find a political model that mediates between competing interests building on conducive conditions However there have since been fundamental changes to those conditions imbalances within democratic countries and between countries that have diminished the strength of the democratic proposition The question now arises as to whether democracy can continue as a matter of political will Challengers to democracy from the radical Right in developed countries to populist autocracy and state centred authoritarianism in developing countries have increasingly shown this may not be the case Democracy may survive as this book concludes but is likely to do so only with more substantial and conscious commitment to the democratic project with recognition of the need to replenish the fertility of the political soil in which democracy grows This wide ranging and empirically and theoretically rich book will be of interest to students scholars and researchers of political science international relations history and democracy Germany, 1871-1945 Raffael

Scheck,2008-11-15 At the end of the Second World War the first unified German state collapsed a disintegration with European and global ramifications Ever since historians have sought to explain what went wrong in German history Many have focused on the violence which forged unification others have highlighted the clash of authoritarian anti democratic and anti Semitic traditions with rapid industrialization and modernization Germany 1871 1945 presents a pragmatic interpretation of German history from the unification to the end of the Nazi regime This more open approach acknowledges the strong trend in German society towards modernization and democratization particularly before 1914 while also highlighting the factors which propelled Germany toward World War I The rise of the Nazis also demands a close analysis of the economic and political instability of the 1920s and early 1930s Finally a detailed assessment of the Third Reich explains how the regime s early successes fostered a loyalty and acceptance that remained hard to shake until disaster was obvious and unavoidable The World Wars - 1871-1945 Ruben Ygua,2025-08-20 Traditional methods of studying the past have

always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view That s how we have been educated The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries

natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day which for now covers from 1789 to 1946 divided into five collections

A History of Modern Germany Hajo Holborn,1982-12-21 A three volume reassessment of the last five centuries of German history Elections and Political Parties in Germany, 1945-1952 United States. Office of High Commissioner for Germany. Office of Executive Secretary,1952 *Elections and Political Parties in Germany, 1945-1952* United States. Office of the US High Commissioner for Germany. Office of Executive Secretary,1952 *The End of European Primacy, 1871-1945* John R. Western,1965 **A History of Modern Germany** Dietrich Orlow,2018-07-17 A History of Modern Germany is a well established text that presents a balanced survey of the last 150 years of German history stretching from nineteenth century imperial Germany through political division and reunification and into the present day Beginning in the early 1870s and covering topics such as Wilhelmenian Germany the World Wars revolution inflation and putsches the Weimar Republic the Federal Republic and the German Democratic Republic the book offers a comprehensive overview of the entire period of modern German history Fully updated throughout this new edition details foreign policy political and economic history and includes increased coverage of social and cultural history and history from the bottom up as well as containing a new chapter that brings it right up to the present day The book is supported by full discussion of past and present historiographic debates illustrations maps further readings and biographies of key German political economic and cultural figures within the Im Mittelpunkt feature Fully exploring the complicated path of Germany s troubled past and stable present A History of Modern Germany provides the perfect grounding for all students of German history

Handbook of the World's Police Harold K. Becker,Donna Lee Becker,1986 No descriptive material is available for this title **The Quest for Unity: Modern Germany, 1848-1970** John E. Rodes,1971 *The Holocaust and the German Elite* Rainer C. Baum,2021-11-21 This book first published in 1981 is a study of the social and political sources of amoral political rule in modern times Only a moral indifference unparalleled in history made the Holocaust possible and by linking the

German imperial ambitions to the meaningless suffering and death in the concentration camps the true significance of the Holocaust is revealed in all its horror Understanding this requires an understanding of the social forces that produced a national amorality among Germany's elites The author suggests three contributive causes a marked ambiguity among Germans in their attitude towards social values the development of a cadre characterized by status insecurity and an inability to resolve internal conflict

The Holocaust: The Basics Paul Bartrop, 2019-06-26 The Holocaust The Basics is a concise introduction to the study of this seismic event in mid twentieth century human history The book takes an original approach as both a narrative and thematic introduction to the topic and provides a core foundation for readers embarking upon their own study It examines a range of perspectives and subjects surrounding the Holocaust including the perpetrators of the Holocaust the victims resistance to the Holocaust liberation legacies and survivors memories of the Holocaust Supported by a chronology glossary questions for discussion and boxed case studies that focus the reader's thoughts and develop their appreciation of the subjects considered more broadly The Holocaust The Basics is the ideal introduction to this controversial and widely debated topic for both students and the more general reader

Access to History: Italy: The Rise of Fascism 1915-1945: Third edition Mark Robson, 2006-04-28 The new editions of Access to History combine all the strengths of this well loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success The third edition of Italy Liberalism and Fascism 1870 1945 has been revised to reflect the needs of the current specifications The new edition starts by examining the weakness of Liberal Italy and how the First World War increased its problems before going on to analysing and explaining the rise of Fascism and Mussolini's subsequent consolidation of power It also includes detailed chapters on life in Fascist Italy its economy political system and foreign policy before concluding with an examination of why Mussolini's regime collapsed in 1943 Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills

The Culture of Military Organizations Peter R. Mansoor, Williamson Murray, 2019-10-17 Examines how military culture forms and changes as well as its impact on the effectiveness of military organizations
