continuing story about the fuller extent of human consciousness and limitations imposed on it by human reality boxes as a socially constructed realities and personal realities All cultures societies and individuals have fashioned reality boxes Like language making and other innate factors this clearly indicates that somewhere in the motherboard of human consciousness there exists a versatile innate capability to do so As advanced researchers of consciousnesses are beginning to suspect this means that behind all of the thousands upon thousands of reality boxes are the impressive factors of innate human consciousness itself the sum of which must be far far greater than smaller reality versions of it found in limited reality boxes from which many seek to escape However getting out of the box is something like escaping a prison which one cannot really achieve unless one learns a great deal about the nature of the prison itself Most reality box constructions omit mention of how awesome and wonderful the individual and collective consciousness of our species actually is Even so this magical aspect of ourselves can be retrieved from the many wreckages brought about via conflicting reality box endeavors After all the panorama of innate human consciousness does survive and is always there behind whatever reality boxes are superimposed on it

Bigfoot Joshua Blu Buhs, 2009-08-01 Last August two men in rural Georgia announced that they had killed Bigfoot The claim drew instant feverish attention leading to more than 1 000 news stories worldwide despite the fact that nearly everyone knew it was a hoax Though Bigfoot may not exist there is no denying Bigfoot mania With Bigfoot Joshua Blu Buhs traces the wild and wooly story of America's favorite homegrown monster He begins with nineteenth century accounts of wildmen roaming the forests of America treks to the Himalayas to reckon with the Abominable Snowman then takes us to northern California in 1958 when reports of a hairy hominid loping through remote woodlands marked Bigfoot's emergence as a modern marvel Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half century We meet charlatans pseudo scientists and dedicated hunters of the beast and with Buhs as our guide the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place What does our fascination with this monster say about our modern relationship to wilderness individuality class consumerism and the media Writing with a scientist's skepticism but an enthusiast's deep engagement Buhs invests the story of Bigfoot with the detail and power of a novel offering the definitive take on this elusive beast
