Parents Speech On Daughters Graduation:

The Father's Daughter V. M. Dexter, 2010-05-25 Emily thought her life was perfect with the exception that she always wondered who her father was and what her mother was really like She was adopted as a newborn by her mother's best friend when her real mother died from a blood disease shortly after she was born Her life seemed charmed and she had nearly everything she could want or need Her curiosity through the years of her youth was soothed by pictures of her biological mother but never her father Lisa her adoptive mother didn't know who her father was just that her mother Molly had gone to a sperm bank because she didn't want the complications of having a husband and all the headaches of a relationship with a man Molly wanted a baby to complete her perfect life as Hollywood's prettiest newscaster Her life was charmed and she was perfectly happy without the confinement of a relationship She had had many relationships without satisfying results and decided she didn't need a man in her life if only she just had a baby So she went to the sperm bank and chose the most intelligent and most handsome donor from the vast selection in the catalog She knew her baby would be perfect in every way Before Emily came into Lisa's life she had raised her son and had a pretty quiet but satisfying life Was she ready to take on another child if something happened to Molly She and Molly had been inseparable since they were children She would die for Molly but to raise a child on her own again was no small favor When Emily's father Jake came looking for the child or children his sperm had produced he wasn't sure what to expect As it turned out only one child had been produced and he knew he had to track her down As a widower with no children of his own he longed to know his biological daughter hoping she felt the same way and that she would want to know him Once he found her should he seek custody or just leave her be He wondered what she looked like and how old she was if she would accept him as part of her life or reject him for not being there before even though it wasn't his choice to not be there for her *ChatGPT & Co.* Rainer Hattenhauer, 2024-09-18 Would you like to know how you can benefit from generative artificial intelligence AI Then this book will be of great help to you It shows you how AI can make your life easier and it will teach you what added value the current application scenarios of ChatGPT Midjourney and various other AI tools offer and where their limits lie Whether you want to write text conduct research generate images or create your own program code you can get started right away without any previous knowledge Bolstered with many practical examples from the most diverse areas of application this book presents ChatGPT as part of an ever growing toolkit and guides you on which tools to utilize and apply This is a valuable workbook for those looking to harness and incorporate ChatGPT and generative AI into their work studies or general life Key Features Demonstrates the profitable use of ChatGPT and other AI tools to make work easier at work and in everyday life Provides practical examples to help with perfect prompts Shows how to create impressive images with just a few words Provides programmers with powerful tools to make the creation of professional software a child's play Dives deeper into the topic of text generative AI for advanced users and provides valuable tips and tricks Shaping the Future: Perspectives on undergraduate education in

These stories are of the father's childhood struggles with poverty, war, and refuge and settlement during the Japanese colonial period and the Korean War. And of a life thereafter of living in South Korea as a farmer. Also, stories of fatherhood

full of sincerity, perseverance, caring, tolerance, and love, the roots of life values. Stories that seek to show a sincere life is one that adheres to these values. Not preaching, but self realization The father in the book does not instruct with words, but with actions. He shows respect to even very young children and guides them to self realizations. The author communicates her father's "attitude towards life" in an honest and easy to approach manner. Readers glean moments of self-awareness as they read through the book. The story of the father's life, To all parents and children, spreading the fragrance of these stories to the world People are born, children to someone, and themselves become parents to someone. No person is born as an adult, no person is born a parent. As a child, our reality comes from our parents, and we look upon them as if they are "the world." As we become adults, we come to realize that our parents were once young and awkward themselves. We then begin to pay attention to how they themselves became adults, became parents. Although the beginnings may not be perfect, the constant struggle of a father to live a good life is of great value for their children. Therefore, this book contains valuable stories for all parents of this world, and to all the children who are looking to them. The facts and their sequence are based on historical archives and data. This book is intended to unveil the events buried in the dimness of those times lived by ordinary peoples through horrors, sufferings, despair, famine, and unthinkable abuses during and after the Second World War. Beck, 2022-05-22 This book provides an inside look at the discipline of Communication. In this collection of chapters, top scholars from a wide range of subfields discuss how they have experienced and how they study the crucial issues of our time. The 2020s opened with a series of events with massive implications for the ways we communicate: from the COVID-19 pandemic, a summer of protests for social justice and climate change, related natural disasters, to one of the most contentious presidential elections in modern U.S. history. The chapters in this book provide snapshots of many of these issues as seen through the eyes of specialists in the major subfields of Communication, including interpersonal, organizational, strategic, environmental, religious, social justice, risk, sport, health, family, instructional, and political communication. Written in an informal style that blends personal narrative with accessible explanation of basic concepts, the book is ideal for introducing students to the range and practical applications of Communication discipline. This book comprises a valuable companion text for Introduction to Communication courses as well as a primary resource for Capstone and Introduction to Graduate Studies courses. Further, this collection provides meaningful insights for Communication scholars as we look ahead to the remainder of the 2020s and beyond. A Wounded Daughter's
