

Should Abortion Be Illegal or Legal

3 pages | 540 words

Whether or not abortion should be illegal or not is a very controversial issue. Abortion is a very personal matter and people have many different opinions about it. Reasons for or against an abortion could be rape, money issues, religious views, and or young motherhood. An argument for the prolife side would be that life begins at conception. With that being said some people would consider it murder and an act of taking a life if abortion was chosen.

On the contrary to that point would be that almost all abortions happen in the first trimester, when the fetus can't exist and isn't alive yet. Most women (88 percent) who get an abortion have it done in the first trimester. Some people would consider abortion a safe medical procedure. Studies have shown that there's only a 0.5 percent risk of any serious medical complications as well as any problems with future pregnancy. Some people would argue against that saying that having an abortion would cause depression and stress.

Also it's been said that having an abortion would lead to a greater risk of a miscarriage and pelvic inflammatory disease. For the cases of rape and incest, there's the 72 hour pill that can be taken or other medical care that can be taken to ensure no pregnancy will happen. Some teenagers though can't get their hands on the pill because you have to be eighteen or older to get it. Most teens wouldn't have been financially prepared for a child or be able to get their hands on contraceptives.

People with religious views can be against abortion and argue that a child is god's gift and shouldn't be tampered with. Tampering with "A creation of God" would lead to unwanted memories. To argue with that statement, some people don't believe in God and don't have any religious views. Therefore, tampering with "God's gift" by getting an abortion can't be proven cause there's no scientific evidence of a God. Another against abortion argument could also be that if abortion is illegal that means there would be more "back alley" abortions.

Back alley abortions can kill the mother or cause plenty complications. The contrary to that point would be that there's plenty of other ways to get rid of your baby. Also, people think abortion shouldn't be used as a form of birth control. It's said to be better for society to have babies aborted instead of having them be raised poor, where the child will suffer and be put through problems, and do crimes. There are many couples in the world who want to adopt a child, and have been waiting for years.

Those children who are adopted have a chance to do good in life and succeed. In conclusion, there are many different viewpoints on whether abortion should be legal or illegal. Some people think that it's a woman's body, and nobody should be able to tell her what to do with her baby. While others think that having an abortion is murder no matter what the...
