Westerhoff,2012-08-01 This classic critique of Christian education is revised expanded and includes Westerhoff s overview on the state Christian education over the past forty years According to Westerhoff instead of guiding faith formation within the family the church and the school we relegate religious education to Sunday morning classes There children learn the facts about religion but how will they learn or experience faith How can we nourish and nurture the faith of children instead of only teaching the facts      Introducing the Lessons of the Church Year Frederick Borsch,2009-09-01 The third edition is updated to the Revised Common Lectionary Many of us have difficulty hearing the Bible as it is read to us in church Sunday after Sunday through the year Even with the best intentions we come to the Word of God cold because we have not been given the skills and the preparation to hear and understand the content of Scripture These brief and insightful introductions to all the readings of the church s three year lectionary cycle are designed to sharpen our listening and increase comprehension of Scripture by summarizing each passage setting it in a liturgical and historical context connecting it to the season and drawing out its relevance to our lives and faith week by week This is an ideal tool for Christian formation as well as homiletical preparation The style is clear straightforward well grounded in biblical scholarship and Anglican in its theological approach Extra features include an essay on the Bible and Christian formation five brief use guides an index to the biblical readings and a summary of the seven most common Bible translations used in church services
