The Reformation of Prayer among Sixteenth-Century Lutherans Mary Jane Haemig,2025-03-22 In sixteenth century Germany Martin Luther and his followers engaged in a thorough reform of beliefs and practices related to prayer a reform rooted in Luther s theological insights Rejecting medieval beliefs that saw prayer as a good work Luther and his followers saw prayer as a human response to God s command to pray and promise to hear It was a good work done freely not to earn salvation but rather to converse with God Luther and his followers taught prayer in many different ways They used catechisms and catechesis to teach the basics of Christian belief including the Lord s Prayer They emphasized understanding the petitions of prayer not just reciting words They encouraged the use of the psalms as prayers and produced literature designed to make the psalms accessible and understandable They published prayerbooks to instruct in prayer and offer prayers for a variety of vocations and situations Lutheran sermons taught prayer both on particular occasions and on many Sundays of the church year Worship taught prayer and provided models for prayer Literature for those suffering sickness death plague childbirth and war taught prayer as part of its effort to console Literature for theological students and manuals designed to help pastors in their ministries contained instruction in prayer highlighting the importance of prayer in the life and ministry of the pastor and helping them to teach prayer This book gives a comprehensive overview of the theological underpinnings for prayer as well as the strategies and literature used by Luther and his followers as they taught prayer to all people

Understanding Prayer for the Dead James B. Gould,2016-08-04 Throughout history Christians have prayed for the dead both for continual growth of the faithful and for their advancement from purgatory though not for the deliverance of the unsaved from hell This book defends all three kinds of prayer It challenges Protestants who seldom pray for the dead to begin doing so and Roman Catholics and Eastern Orthodox who pray only for the Christian dead to include the unsaved as well James Gould addresses the biblical credentials of prayer for the dead and provides a historical overview of such prayers from ancient Christianity to the current practice of the three main branches of the church He also discusses the logical assumptions prayer for the dead requires that prayer is effective that the dead are conscious and that the afterlife involves

change and lays out a theological framework for such prayers Prayer for the departed raises the most basic of theological questions matters that go to the center of God's purpose in creating spiritual beings and redeeming sinful humankind The argument while revisionary in some respects is orthodox ecumenical and integrative engaging a range of academic disciplines so as to be biblically accurate historically informed and philosophically reasoned

A Lutheran's Case for Roman Catholicism Robert C. Koons, 2020-09-23 After thirty years of study and reflection Lutheran philosopher Robert Koons joined the Catholic Church in 2007 This book articulates his reasons for abandoning the church of his ancestors for the Roman communion reasons that centered on a deep and systematic rethinking of the central issue of the Reformation the Lutheran doctrine of justification by faith alone Koons draws on a broad knowledge of the Scriptures the Church Fathers and the most prominent theologians of the Lutheran movement from the time of the Reformation until the present including Luther Melancthon Chemnitz and Robert Preus Since Jesus clearly intended for the church to remain visibly united the burden of proof on any theological innovation is heavy and Koons demonstrates that the Lutheran doctrine was innovative and he argues relying on the best New Testament scholarship that the Bible passages cited by the Reformers do not support the innovative features of the Lutheran doctrine Koons seeks to eliminate widespread misunderstandings of the Catholic doctrine of justification on the part of many Protestants emphasizing the christocentric character of that teaching Koons argues that in contrast the Lutheran doctrine is inconsistent He also points out serious logical problems with the principle of sola scriptura

Worship at a Crossroads Melinda A. Quivik, 2023-04-13 This book calls

Protestant churches and the ELCA in particular to a church wide conversation about racism It is a response to the 2019 book *Dear Church* by Lenny Duncan a former Lutheran pastor who is Black and who among other reparations calls for changing the church s worship in order to address segregated Sundays Changes in worship affect theological foundations Informed consideration is essential Because entering into life changing conversations requires vulnerability and commitment this book includes several narratives my life as a White woman and pastor the history of the Black church as defined by Black theologians the development of the liturgical renewal movement and my experiences as a professor navigating worship conflicts as my seminary struggled with financial constraints and a changing student body The seminary conflicts offered me a window into how better to address racism inspired by the example of post WWII German truth telling and how some US Southern states have come to grips with the history of the Jim Crow South described in Susan Neiman s *Learning from the Germans* This book outlines a way forward for churches in responding to racism by encouraging healthy engagement with contentious relationships as a necessity for healing

Liturgical Spirituality Philip H. Pfatteicher, 1997-04-01 Well known liturgical scholar and writer Philip Pfatteicher turns his attention in this book to liturgical spirituality as distinct from liturgy and spirituality which assumes two essentially separate disciplines Liturgical spirituality is a holistic concept bringing together both liturgy and spirituality with reference to the interior life of the spirit that is formed and nurtured by the church s liturgy Pfatteicher acknowledges that there are other kinds of spirituality that appear to flourish apart from and in addition to the liturgy for example the spirituality of the desert ascetics of the early centuries of christianity the devotion of the Religious Society of Friends and many forms of meditation and spiritual discipline such as the Spiritual Exercise of Ignatius Loyola The focus of the present volume however is on the spiritual life as formed by the liturgy the ordered form of Christian worship East and West Catholic and Protestant In addition to the form of worship one might experience on a Sunday morning Liturgical Spirituality guides the reader through and into the experience of daily prayer the Easter Vigil the Church Year the Eucharist hymns and music Baptism and even church architecture as hallowing space In 1955 Louis Bouyer published an admirable study entitled *Liturgical Piety*

written before Vatican II and its far reaching reforms that fundamentally changed the entire Western church Philip Pfatteicher has now taken up the challenge of expanding upon Bouyer with a current and invigorating study not of liturgical piety but of liturgical spirituality Philip Phatteicher is Professor of English at East Stroudsburg University in Pennsylvania a frequent writer and lecturer on liturgical issues and author of *A Dictionary of Liturgical Terms* and *The School of the Church* Worship and Christian Formation both published by Trinity Press
