

A Personal Philosophy

By Bob Krone

Dedicated to Mae Sue Krone, whose love, guidance,
and partnership nurtured its evolution

Abstract

After a life of diverse professional activities, including earning a doctor of philosophy degree and editing the *Journal of Space Philosophy*, Bob Krone decides to describe the origins and evolution of his own values and philosophy.

Keywords: values, learning, self-examination, teaching, leadership, academics, systems, space, philosophy, humanity.

Introduction

Michel Montaigne (1533-1592) is credited with inventing the essay form with his classic work *Essais* (1st Edition, 1580). He lived and reworked his essays in a French rural retreat after being the Mayor of Bordeaux from 1581-1585. Since then, essays have traditionally been short statements feeling their way towards expression of what needs a far wider space to exhaust. Using the Montaigne essay style here, I have not provided specific references for statements throughout this article. Every human being has a personal life philosophy. It was formed by a complex lifetime mix of genetics, environment, and learning over time. A small percentage of humans have explicitly documented their own philosophy as an analysis of their own value systems, or to understand the values, sources, and influences on their beliefs over time. My definition of *values* – created during my doctoral studies at UCLA – is “Values are principles or things preferred.” That is different from the economic definition of value, which is usually oriented toward quantitative worth. Philosophy and values are not synonymous, but have many commonalities. Philosophy is oriented toward total life meaning, while values form the components of that totality.

Most people’s personal philosophy is created and evolves from experiences and just living, not from conscious reflection and design. Is that not the best way to develop philosophy? For some, it may be. But the belief I bring to this article is that individual, family, group, organization, agency, business, society, national, international, and human existence would improve with wiser and more explicit self-examination of values and philosophy. There is value in knowing answers to the questions: *What do I believe?* and *How should my beliefs impact my behavior?*

Dr. Paul R. Cone was my mentor for two university faculty appointments – the University of Southern California in 1975 and La Sierra University, Riverside, California in 1992. Paul was a wise, compassionate, and brilliant leader in both academics and business. One of the many lessons I learned from Paul Cone he had condensed into

Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
