Stevens,2017-05-08 *An Introduction to American Policing* Second Edition connects the US criminal justice system criminology and law enforcement knowledge to the progress of the police community It is the perfect resource for a *Police Science* course **The Handbook of Knowledge-Based Policing** Tom Williamson,2008-04-30 Recent trends within community policing suggest that the next generation of community policing will be more knowledge based involving a shift toward a problem oriented and strategic use of information as a basis for management and better use of police resources *The Handbook of Knowledge Based Policing* examines how knowledge based policing can improve the effectiveness equity and efficiency of community policing With contributions from a mix of academics and practitioners this volume Critically evaluates the effectiveness of community policing in seven countries Discusses intelligence led policing and the emergence of knowledge based policing Examines the impact knowledge based policing will have on policing initiatives Discussions are set firmly within the context of current debates on risk and the risk society the broadening or narrowing of the police role the importance of networks and governance and regulation This comprehensive collection identifies the factors that will shape the next generation of Community Policing It is a must have resource for researchers and students of policing policy makers and police officers It will also be of interest to the growing

number of people actively involved in crime and disorder partnerships *Global Environment of Policing* Darren Palmer, Michael M. Berlin, Dilip K. Das, 2012-06-05 Police organizations across the globe are experiencing major changes. Many nations cope with funding constraints as pressures within their societies, terrorism and transnational crime and social and political transformations necessitate a more democratic form of policing. Drawn from the proceedings at the International Police Executive Symposium in Prague and other IPES projects, *Global Environment of Policing* is composed of case studies from more than fourteen countries and six continents. Divided into four sections, the book presents contributions from high level police executives, practitioners and academics. *Policing Crime Control and the Community* explores community policing in Latin America and the United States and describes the effectiveness of a zero tolerance policy in New York City. It also presents a historical case study of policing in Portugal. *Policing Politics and Democracy* examines challenges confronting developing countries, policing in Brazil, police accountability mechanisms in India and concerns regarding the democratization of policing. *Policing Global Challenges* considers a range of contemporary issues within the policing environment including policing cyberspace, police agencies striving for legitimacy, how law enforcement policies travel worldwide and the problems of organized crime and people smuggling. *Police Leadership Management Education and Organization* reflects on the growing issue of police reform. It discusses the infusion of private sector thinking into state police organizations, conflicts between police unions and management training and models for police education and police accountability in Bangladesh. The final chapter draws conclusions about the research presented in the book and provides a window on future concerns. With insight from world leaders in academia and in the field, the book offers sage insight into the most critical issues facing contemporary police organizations.
