[Wetli (2019), in her literature review about inclusivity in archival spaces, noted that:

Scholar's [sic] view archives as the custodial spaces of history and its artifacts, a model which predicates ownership, power, and control. To negate this, many organizations have moved towards a model of stewardship. These institutional archives work cooperatively with the communities whose histories they are preserving by providing stable infrastructure, training, and technological support. (p. 4)
