This statement should be ten pages in length with 1 inch margins, Times New Roman 12 point font, and 1 ½ line spacing. Please note that applications are evaluated on the completeness with which these questions are addressed and the degree of insight demonstrated. Special attention is paid to expression of clear long-term professional outcomes, strengths and weaknesses, self-awareness, openness to self-exploration, previous research experiences, and clarity of writing. Applicants to the Personal Financial Planning Ph.D. program should be prepared to balance interests in research, practice, and policy application.

1. Identify three issues in the personal financial planning field that warrant research, and discuss how achieving a Ph.D. will help you facilitate answers to these issues.
2. What do you consider to be strengths that will help you become an outstanding researcher and educator? When answering this question elaborate any training, skills, or experiences that will help you achieve success in the doctoral program.
3. What do you consider to be the area that will need most attention during your training? If you have something unusual in your background that might be considered a deficit, please discuss it.
4. What critical events from the past have most influenced your present personal and professional development?
5. How has your personal life impacted your professional life? If you experienced set-backs or obstacles how did you overcome them?
6. Why do you want to obtain a Ph.D. in Personal Financial Planning from Kansas State University?
7. What personal qualities can you contribute to the Ph.D. program at K-State?

**Creating Contexts for Learning and Self-authorship** Marcia B. Baxter Magolda, 1999 This book is intended to help college faculty create conditions in which students learn to construct knowledge in their disciplines and achieve self authorship A significant and often overlooked dimension mediating learning and self authorship centers on learners ways of knowing or their assumptions about the nature limits and certainty of knowledge A learner who assumes that all knowledge is certain expects to hear answers from an authority figure in contrast a learner who views knowledge as relative expects to explore multiple viewpoints By taking a constructive developmental approach the author demonstrates how students ability to construct knowledge is intertwined with the development of their assumptions about knowledge itself and their role in creating it She shows how the structure of constructive developmental teaching hinges on three principles validating students ability to know situating learning in students experience and defining learning as teachers and students mutually constructing meaning The book also takes abstract pedagogical principles and translates them into practical approaches

Engaging Ideas John C. Bean, Dan Melzer, 2021-06-03 Use your course s big ideas to accelerate students growth as writers and critical thinkers The newly revised third edition of Engaging Ideas delivers a step by step guide for designing writing assignments and critical thinking activities that engage students with important subject matter questions This new edition of the celebrated book now written by the co author team of Bean and Melzer uses leading and current research and theory to help you link active learning pedagogy to your courses subject matter You ll learn how to Design formal and informal writing assignments that guide students toward thinking like experts in your discipline Use time saving strategies for coaching the writing process and handling the paper load including alternatives to traditional grading such as portfolio assessment and contract grading Help students use self assessment and peer response to improve their work Develop better ways than the

traditional research paper to teach undergraduate reading and research Integrate social media multimodal genres and digital technology into the classroom to promote active learning This book demonstrates how writing can easily be integrated with other critical thinking activities such as inquiry discussions simulation games classroom debates and interactive lectures The reward of this book is watching students come to class better prepared more vested in the questions your course investigates more apt to study purposefully and more likely to submit high quality work Perfect for higher education faculty and curriculum designers across all disciplines Engaging Ideas will also earn a place in the libraries of graduate students in higher education *Invitational Education and Practice in Higher Education* Sheila T. **COVID-19 Pandemic** Tawnya Azar,2025-06-24 Community engaged CE teaching is not a new concept However in the past several years it has gained increased emphasis as is evident by the changes to institution mission statements and the allocation of institution resources to support faculty development in CE teaching as well as to support CE coursework and research The arrival of the COVID 19 pandemic forced many faculty members to pivot to an all online instruction model impacting community engaged teaching and research in both predictable and unexpected ways Community partners facing similar struggles to serve their communities with restrictions on face to face interaction were often too overwhelmed to work with higher education volunteers Legally universities could not ask students to risk their health with face to face community engagement In fact the number of CE courses decreased dramatically in 2020 and 2021 due to the unique challenges posed by the pandemic At the same time the pandemic presented some CE faculty with new opportunities for community engagement Some responded swiftly to the immediate needs of the local regional or national community with which they worked taking advantage of the affordances of digital technology or capitalizing on the issues that the pandemic itself

created or exacerbated This collection captures the incredible work of pivoting and innovating in community engaged teaching With a primary focus on community engaged teaching in higher education this collection explores how faculty students and community partners navigated their work during the COVID 19 pandemic Additionally it raises important questions about how we might stay engaged with community during a crisis *Handbook of Reflection and Reflective Inquiry* Nona Lyons,2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it s necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire the *Handbook of Reflection and Reflective Inquiry* presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau s wide awakesness an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the *Handbook* analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the *Handbook of Reflection and Reflective Inquiry* an invaluable teaching tool for challenging times *Handbook of Research on Policies and Practices for Assessing Inclusive Teaching and Learning* Meletiadou, Eleni,2022-01-14 Inclusivity is a crucial factor in assessment design as fair assessment must reflect the needs of a diverse student body Assessment practices should also be culturally inclusive and supportive to all students while considering the needs of learners with disabilities and specific learning difficulties Educational institutions worldwide are adopting a range of principles using a variety of assessment methods and developing assessment literacy All these issues must be considered when researching inclusive assessment practices and policies The *Handbook of Research on Policies and Practices for Assessing Inclusive Teaching and Learning* discusses the needs of learners of any context background and culture This book strives to promote the importance of global inclusive assessment and teaching giving an understanding to educators and faculty of the negative effect uniform assessment and teaching strategies have on a diverse body of students Covering topics such as equitable design ethnic preferential policies and multilingual perspectives this book provides an indispensable resource for researchers practitioners educators teacher educators policymakers administrators program planners educational managers educational leaders professors and academicians *Research Methods in Sports Coaching* Lee Nelson,Ryan Groom,Paul

Potrac,2025-01-23 Research Methods in Sports Coaching is a key resource for students and scholars who are completing research into sports coaching The book comprises five distinct parts that prompt readers to think about important considerations preparing and initiating the coaching research process philosophical considerations for coaching research coaching research designs methods of collecting coaching data analysing coaching data This fully revised edition places particular emphasis on introducing the diverse research paradigms research designs as well as methods of data collection and analysis available to coaching researchers Written by a team of leading international scholars and researchers from the UK Sweden the United States Canada New Zealand and Australia this book bridges the gap between the theory and practice of sports coaching research The second edition of Research Methods in Sports Coaching is an essential text for any research methods course taken as part of a degree programme in sports coaching or coach education
