Devotional Guide Through the Book of Genesis Mike Newberry, 2021-03-16 This book started out as devotionals written weekly for a Sunday school class I teach a young adult Sunday school class and I regularly challenge them to develop the discipline of a daily quiet time In hopes of removing any and all excuses I provided them with these devotionals During the week I would study and write five devotionals then I would provide these each Sunday I would explain that they only needed five devotionals because if they came to church on Wednesday and Sunday that would take care of the other two days This book is not meant to be any kind of a commentary on the book of Genesis How I approached this each week was I read Genesis every day and I stopped at every place where I received a thought I would then take out my books on Genesis and study the passage and I would write a short devotional My hope for this book has not changed since they were originally written I still hope these devotionals will inspire you to develop the important discipline of a daily quiet time Maybe you ve read the story about Mary and Martha in Luke 10 38 42 Jesus used three words to describe Martha He said she was cumbered in verse 40 The basic meaning of this word is that Martha was distracted How easy it is to lose focus on all the important things He said she was careful in verse 41 The basic meaning of this word is that she was anxious He said she was troubled in verse 41 The basic meaning of this word is to be worried to the point of disturbed How many do these words describe them Jesus said one thing was needed and Mary had chosen it Just sit at Jesus s feet

The Old Testament in the Life of God's People Jon Isaak, 2009-06-30 This book celebrates the contributions to Old Testament theology of Elmer A. Martens, President and Professor of Old Testament at Mennonite Brethren Biblical Seminary, Fresno, California, both positions now Emeritus. It includes 3 essays written by Martens himself as well as 15 others written by his former students, colleagues, friends, and even one of his professors. The essays are clustered around three topics: Christians' use of the Old Testament; aligning God's people with God's call for justice; and addressing the issue of land in the life of God's people, each of which reflects an area of special interest to Martens. A biographical sketch, a list of the honoree's varied publications, and indexes are included. Martens has had a productive career as teacher, author, and preacher, a career spanning almost six decades and five continents. After 40 years of seminary teaching, Elmer is known to many as professor. He taught his signature class, Old Testament theology, from 1968 to 2004 at Mennonite Brethren Biblical Seminary, shaping an entire generation of preachers and Bible teachers. His Old Testament theology textbook, *God's Design*, now in its third edition, continues to be used at the seminary as well as in translation in numerous other schools around the world.

Summa Theologiae, Prima Pars: Volume 1, The One God, QQ 1-26 Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 When Leo XII promulgated *Aeterni Patris* in 1879, he stipulated that the Leonine or official edition of the *Summa* should always be printed in conjunction with Cajetan's Commentary. For five hundred years they were studied together. Generations were trained by reading through the *Summa* article by article with Cajetan's commentaries in hand. Early printed editions of the *Summa* typically included them in a Talmudic arrangement as marginal text running around each article by Aquinas. This edition imitates that example. Recently, serious thinkers of all denominations and none have found new reasons to be interested in St. Thomas. His text is deceptively simple yet important issues are handled in every article, sometimes below the surface. Cajetan extracts these hidden issues and explains and elaborates on them with remarkable affinity to modern analytical philosophy. Part of that affinity lies in the use of modal logic, a tool whose importance was overlooked between the Renaissance and the twentieth century. The time is ripe for an analytically inspired translation of Thomas; hence this volume. Never until now has Cajetan's Commentary been put into English in its entirety. William Marshner's translation is consistent with fidelity to the technical force of the original. The translator's footnotes acknowledge what empirical science has made obsolete in the work of St. Thomas and also make clear how much today's science would have saved Thomas useless labor. This volume will for the first time make Cajetan's help available to the modern reader.
