

Rhetorical questions

Definition and examples

A **rhetorical question** is a figure of speech that takes the form of a question but doesn't expect an answer. It's used to make a point, not to gather information. Often, the answer is obvious, but the speaker asks the question to emphasise an idea or to make the listener think.

Examples

1. Who wouldn't want to live in a big house?
2. Who cares?
3. Do I look like I care?
4. Who wouldn't want that?
5. If God is for us, who can be against us?
6. Who is like you, Lord God Almighty?
7. Are you kidding?
8. Who wouldn't want to be happy?
9. Can you imagine life without love?
10. Who are we without our values?
11. Isn't silence sometimes louder than words?
12. Can you truly love others if you don't love yourself?
13. Is being rich worth it if it costs your freedom?

Rhetorical Questions And Answers:

Rhetorical Questions □□□□, 2018-02-16 Traditional accounts of rhetorical questions have focused on polarity reversal rhetorical questions conveying assertions opposite in polarity to the propositional content However non polarity reversed and rhetorically ambiguous interrogatives are also common In this book Risa Goto seeks a theoretical approach that can explain this pragmatic ambiguity with respect to rhetoricity The relevance theoretic view of interrogative and ironical utterances assumes no clear cut borderline between information seeking and rhetorical use of interrogative utterances The cognitive model of irony suggests that recognition of ironicalness necessarily leads to a rhetorical reading Goto combines these two theoretical frameworks into an entirely new cognitive pragmatic model of interrogatives discussing the causal interrelation between rhetoricity and ironicalness and showing that ironical aspects in interrogative utterances can lead to rhetorical readings Questions and Answers in the English Courtroom (1640-1760) Dawn Archer, 2005-01-01 Printbegr nsninger Der kan printes 10 sider ad gangen og max 40 sider pr session

Questions-and-answers Leo Paul Ruth, 1980 *After Rhetoric* Stephen R Yarbrough, 2016-06-08 Aware that categorical thinking imposes restrictions on the ways we communicate Stephen R Yarbrough proposes discourse studies as an alternative to rhetoric and philosophy both of which are structuralistic systems of inquiry Discourse studies Yarbrough argues does not support the idea that languages cultures or conceptual schemes in general adequately describe linguistic competence He asserts that a belief in languages and cultures feeds a false dichotomy either we share the same codes and conventions achieving community but risking exclusivism or we proliferate differences achieving choice and freedom but risking fragmentation and incoherence Discourse studies he demonstrates works around this dichotomy Drawing on philosopher Donald Davidson Yarbrough establishes the idea that community can be a consequence of communication but is not a prerequisite for it By disassociating our thinking from conceptual schemes we can avoid the problems that come with believing in an abstract structure that predates any utterance Yarbrough also draws on Mikhail Bakhtin s dialogism to define how utterances operate in life and to show how utterances are involved with power and how power relates to understanding His discussion of Michel Meyer s problematology treats the questions implied by a statement as the meaning of the statement Yarbrough introduces readers to a credible theoretical framework for focusing on discourse rather than on conceptual schemes that surround it and to the potential advantages of our using this approach in daily life Questions and Rhetoric in the Greek New Testament Douglas Estes, 2017-03-28 While there are almost 1000 questions in the Greek New Testament many commentators pastors and students skip over the questions for more theological verses or worse they convert questions into statements to mine them for what they are saying theologically However this is not the way questions in the Greek New Testament work and it overlooks the rhetorical importance of questions and how they were used in the ancient world Questions and Rhetoric in the Greek New Testament is a helpful and thorough examination of questions in the Greek New Testament seen from the standpoint of grammatical

semantic and linguistic analysis with special emphasis on their rhetorical effects It includes charts tools and lists that explain and categorize the almost 1000 questions in the Greek New Testament Thus the user is able to go to the section in the book dealing with the type of question they are studying and find the exegetical parameters needed to understand that question Questions and Rhetoric in the Greek New Testament offers vibrant examples of all the major categories of questions to aid the reader in grasping how questions work in the Greek New Testament Special emphasis is given to the way questions persuade and influence readers of the Greek New Testament

Questions and Epistemic Stance in Contemporary Spoken British English Andrzej Zuczkowski,Ramona Bongelli,Ilaria Riccioni,Gill Philip,2021-03-11 This volume explores a model of epistemic stance according to which speakers can communicate each single piece of information either as known certain or uncertain or unknown It presents a qualitative analysis of extracts from the Spoken British National Corpus 2014 to support the idea that questions come from two distinct epistemic positions the Unknowing and the Uncertain this latter ranges along two poles Not Knowing Whether and Believing In the epistemic continuum Unknowing questions express a lack of knowledge and range from open to closed and dual wh questions On the other hand Uncertain questions express a lack of certainty and range from maximum uncertainty Not Knowing Whether questions advancing a doubt to minimum uncertainty Believing questions advancing a supposition Both Unknowing and Uncertain questions can be directed either at the answerer s Knowing or Believing position depending on their aim The volume will appeal to scholars concerned with the topic of question design and epistemic stance from a theoretical and analytical perspective as well as those interested in applying these findings in their teaching practice

Woman's World ,1925 **On Style in Victorian Fiction** Daniel Tyler,2022-01-06 Some writers of the Victorian period as well as more recent critics have argued that the prose style of Victorian fiction aims to efface itself or that an absence of style may in itself represent the nineteenth century ideal This collection provides a major assessment of style in Victorian fiction and demonstrates that style the language techniques and artistry of prose is inseparable from meaning and that it is through the many resources of style that the full compass of meaning makes itself known Leading scholars in the field present an engaging assessment of major Victorian novelists illustrating how productive and illuminating close attention to literary style can be Collectively they build a fresh and nuanced understanding of how style functioned in the literature of the nineteenth century and propose that the fiction of this era demands we think about what style does as much as what style is

Sexual and Marital Metaphors in Hosea, Jeremiah, Isaiah, and Ezekiel Sharon Moughtin-Mumby, 2008-06-05 Sharon Moughtin Mumby considers the often unrecognised impact of different approaches to metaphor on readings of the prophetic sexual and marital metaphorical language She outlines a practical and consciously simplified approach to metaphor placing strong emphasis on the influence of literary context on metaphorical meaning Drawing on this approach she read Hosea 4 14 Jeremiah 2 1 4 4 Isaiah Ezekiel 16 and 23 and Hosea 1 3 with fresh eyes Her lucid new readings reveal the way in which scholarship has repeatedly stifled the prophetic metaphorical language by reading it within the default contexts of the marriage metaphor and cultic prostitution which for so many years have been simply assumed Readers are encouraged instead to read these diverse metaphors and similes within their distinctive literary contexts in which they have the potential to rise vividly to life provoking the question how are we to respond to these disquieting powerful texts in the midst of the Hebrew Bible

Contrastive Pragmatics Karin Aijmer, 2011 We have recently seen a broadening of pragmatics to new areas and to the study of more than one language This is illustrated by the present volume on Contrastive Pragmatics which brings together a number of articles originally presented at the 10th International Pragmatics Conference in Göteborg in 2007 The contributions deal with pragmatic phenomena such as speech acts discourse markers and modality in different language pairs using theoretical approaches such as politeness theory Conversation Analysis Appraisal Theory grammaticalization and cultural textology Also discourse practices and genres may differ across cultures as illustrated by the study of TV news shows in different countries Contrastive pragmatics also includes the comparative study of pragmatic phenomena from a foreign language perspective a new area with implications for language teaching and intercultural communication The contributions to this volume were originally published in *Languages in Contrast* 9 1 2009

The Routledge Handbook of Language and Persuasion Jeanne Fahnestock, Randy Allen Harris, 2022-09-30 This handbook provides a wide ranging authoritative and cutting edge overview of language and persuasion Featuring a range of international contributors the handbook outlines the basic materials of linguistic persuasion

sound words syntax and discourse and the rhetorical basics that they enable such as appeals argument schemes arrangement strategies and accommodation devices After a comprehensive introduction that brings together the elements of linguistics and the vectors of rhetoric the handbook is divided into six parts Part I covers the basic rhetorical appeals to character the emotions argument schemes and types of issues that constitute persuasion Part II covers the enduring effects of persuasive language from humor to polarization while a special group of chapters in Part III examines figures of speech and their rhetorical uses In Part IV contributors focus on different fields and genres of argument as entry points for research into conventions of arguing Part V examines the evolutionary and developmental roots of persuasive language and Part VI highlights new computational methods of language analysis This handbook is essential reading for those researching and studying persuasive language in the fields of linguistics rhetoric argumentation communication discourse studies political science psychology digital studies mass media and journalism

The Performative Dimensions of Rhetorical

Questions in the Hebrew Bible Jim W. Adams, 2020-07-23 This book sets out to describe the multi dimensional nature and function of rhetorical questions in the Old Testament Biblical scholars have previously analyzed the use of rhetorical questions in both Testaments but consistently describe their function in persuasive terms While this understanding is appropriate in a number of instances many rhetorical questions do not operate this way and Jim W Adams focuses in particular on rhetoric expressing the self involvement of both the speaker and hearer Among linguistic philosophers speech act theory has illuminated the fact that uttering a sentence does not merely convey information it may also involve the performing of an action The concept of communicative action provides additional tools to the exegetical process as it points the interpreter beyond the assumption that the use of language is merely for descriptive purposes Language can also have performative and self involving dimensions In relation to speech act theory linguistic specialists continue to research the nature of rhetorical questions
