S Baum

Rhode University Prospectus 2016:

Entrepreneurial Learning City Regions Judith James, Jean Preece, Raúl Valdés-Cotera, 2017-09-21 This book proposes an alternative strategy to improve and sustain prosperity through the creation of an entrepreneurial culture in learning cities or city regions The edited collection provides insights into how entrepreneurship education job creation and social inclusion can be aligned through entrepreneurial learning in the context of territorial development With rich and varied contributions from a wide field including policy makers entrepreneurs an investment banker leaders of universities and councils the voluntary sector scientists educators and students it reviews and assesses how learning cities and regions may become more prosperous by investing in the development of entrepreneurial skills throughout lifelong learning Reinforced by examples on developing and retaining entrepreneurial people this book contributes to our understanding of how entrepreneurial learning can be fostered in different city and city region contexts It makes an interesting contribution to the field in terms of mapping out complex issues and testing the practical validity of the concept while also providing rich and insightful case studies centred on the Welsh experience with entrepreneurial learning city regions The high quality international contributions demonstrate the new worldwide interest in developing an entrepreneurial culture for the benefit of a city or region rather than an entrepreneurial mind set for individual benefit This fascinating subject will be of interest to many social scientists policymakers and practitioners It will be found especially valuable for professionals involved in economic inclusive and sustainable city or regional development

The Outlaw Ocean Ian Urbina, 2019-08-20 NATIONAL BESTSELLER A riveting adrenaline fueled tour of a vast lawless and rampantly criminal world that few have ever seen the high seas There are few remaining frontiers on our planet But perhaps the wildest and least understood are the world's oceans too big to police and under no clear international authority these immense regions of treacherous water play host to rampant criminality and exploitation Traffickers and smugglers pirates and mercenaries wreck thieves and repo men vigilante conservationists and elusive poachers seabound abortion providers clandestine oil dumpers shackled slaves and cast adrift stowaways drawing on five years of perilous and intrepid reporting often hundreds of miles from shore Ian Urbina introduces us to the inhabitants of this hidden world Through their stories of astonishing courage and brutality survival and tragedy he uncovers a globe spanning network of crime and exploitation that emanates from the fishing oil and shipping industries and on which the world's economies rely Both a gripping adventure story and a stunning exposé this unique work of reportage brings fully into view for the first time the disturbing reality of a floating world that connects us all a place where anyone can do anything because no one is watching

The Emerald Handbook of Sustainable Energy Transition and Social Justice Julius Omokhudu Irene, Bridget Nneka Irene, Kingsley Obi Omeihe, Regina Frank, 2025-09-08 The Emerald Handbook of Sustainable Energy Transition fosters a more profound understanding of research and discourse on sustainability across the Global South deconstructs the current thinking

Bridging the Gap Suzanne McCray, Dana C. Kuchem, 2019-07-23 Thousands of college

students across the country apply each year for nationally and internationally competitive scholarships and grants. Different awards target different interests, career goals, and student qualifications. Advising students on how to choose the right award that will help launch them on their career path requires a nuanced understanding of scholarship opportunities. *Bridging the Gap: Perspectives on Nationally Competitive Scholarships* provides key information from scholarship foundations and seasoned advice from campus advisors, critically important for the faculty and staff who support students applying for these awards. This book will be a great resource for anyone advising students. — *Athens of the New South* Mary Ellen Pethel, 2024-01-12

A diverse and vibrant collection of colleges and universities has always set Nashville apart from other southern cities. I'm excited to see Mary Ellen Pethel exploring the history of a force for good that continues to inspire and shape our city. Meagan Barry, Mayor of Nashville. In 2013, the *New York Times* identified Nashville as America's city, a leading hub of music, culture, technology, food, and business. But long before the Tennessee capital was known as the Athens of the South, as a reflection of the city's reputation for and investment in its institutions of higher education, which especially blossomed after the end of the Civil War and through the New South Era from 1865 to 1930. This wide-ranging book chronicles the founding and growth of Nashville's institutions of higher education and their impressive impact on the city, region, and nation at large. Local colleges and universities also heavily influenced Nashville's brand of modernity, as evidenced by the construction of a Parthenon replica, the centerpiece of the 1897 Centennial Exposition. By the turn of the twentieth century, Vanderbilt University had become one of the country's premier private schools, while nearby Peabody College was a leading teacher training institution. Nashville also became known as a center for the education of African Americans. Fisk University joined the ranks of the nation's most prestigious black liberal arts universities, while Meharry Medical College emerged as one of the country's few training centers for African American medical professionals. Following the agricultural industrial model, Tennessee A David Lipscomb College, the instructional arm of the Church of Christ, and Roger Williams University, which trained black men and women as teachers and preachers, made important contributions to the higher educational landscape. In sum, Nashville was distinguished not only by the quantity of its schools but by their quality. Linking these institutions to the progressive and educational reforms of the era, Mary Ellen Pethel also explores their impact in shaping Nashville's expansion on changing gender roles and on leisure activity in the city, which included the rise and popularity of collegiate sports. In her conclusion, she shows that Nashville's present-day reputation as a dynamic place to live, learn, and work is due in no small part to the role that higher education continues to play in the city's growth and development. MARY ELLEN PETHEL is the archivist and a member of the Social Science Department at Harpeth Hall School in Nashville. At Belmont University, also in Nashville, Dr. Pethel is a Global Leadership Studies Fellow and teaches in the Honors Department. — [Handbook on Green Growth](#) Roger Fouquet, 2019

Economies around the world have arrived at a critical juncture to continue to grow fuelled by fossil fuels and exacerbate climate change or to move towards more

sustainable greener growth Choosing the latter is shown to help address climate change as well as present new economic opportunities This Handbook provides a deeper understanding of the concept of green growth and highlights key lessons from the experience of green transformations across the world following a decade of ambitious stimulus packages and green reforms

Closing Sysco Lachlan MacKinnon,2020-02-24 Closing Sysco presents a history of deindustrialization and working class resistance in the Cape Breton steel industry between 1945 and 2001 The Sydney Steel Works is at the heart of this story having existed in tandem with Cape Breton's larger coal operations since the early twentieth century The book explores the multifaceted nature of deindustrialization the internal politics of the steelworkers union the successful efforts to nationalize the mill in 1967 the years in transition under public ownership and the confrontations over health safety and environmental degradation in the 1990s and 2000s Closing Sysco moves beyond the moment of closure to trace the cultural historical and political ramifications of deindustrialization that continue to play out in post industrial Cape Breton Island A significant intervention into the international literature on deindustrialization this study pushes scholarship beyond the bounds of political economy and cultural change to begin tackling issues of bodily health environment and historical memory in post industrial places The experiences of the men and women who were displaced by the decline and closure of Sydney Steel are central to this book Featuring interviews with former steelworkers office employees managers politicians and community activists these one on one conversations reveal both the human cost of industrial closure and the lingering after effects of deindustrialization

Energy Innovation for the Twenty-First Century Jim Skea,Renée van Diemen,Matthew Hannon,Evangelos Gazis,Aidan Rhodes,2019 This book addresses the question how effective are countries in promoting the innovation needed to facilitate an energy transition At the heart of the book is a set of empirical case studies covering supply and demand side technologies at different levels of maturity in a variety of countries The case studies are set within an analytical framework encompassing the functions of technological innovation systems and innovation metrics The book concludes with lessons and recommendations for effective policy intervention

Vanguard Martha S. Jones,2020-09-08 The epic history of African American women's pursuit of political power and how it transformed America In the standard story the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920 But this overwhelmingly white women's movement did not win the vote for most black women Securing their rights required a movement of their own In Vanguard acclaimed historian Martha S Jones offers a new history of African American women's political lives in America She recounts how they defied both racism and sexism to fight for the ballot and how they wielded political power to secure the equality and dignity of all persons From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond Jones excavates the lives and work of black women Maria Stewart Frances Ellen Watkins Harper Fannie Lou Hamer and more who were the vanguard of women's rights calling on America to realize its best ideals

The ^AOxford Handbook of Japanese Politics Robert J. Pekkanen,Saadia Pekkanen,2021-10-11 Through more than 40

chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field *The Price of Empire* Miles M. Evers, Eric Grynaviski, 2024-04-04 The United States was an upside down British Empire It had an agrarian economy few large investors and no territorial holdings outside of North America However decades before the Spanish American War the United States quietly began to establish an empire across thousands of miles of Pacific Ocean While conventional wisdom suggests that large interests the military and major business interests drove American imperialism *The Price of Empire* argues that early American imperialism was driven by small entrepreneurs When commodity prices boomed these small entrepreneurs took risks racing ahead of the American state Yet when profits were threatened they clamoured for the US government to follow them into the Pacific Through novel intriguing stories of American small businessmen this book shows how American entrepreneurs manipulated the United States into pursuing imperial projects in the Pacific It explores their travels abroad and highlights the consequences of contemporary struggles for justice in the Pacific **Finance, Law, and the Courts** Marco Lamandini, David Ramos Muñoz, 2023-11-09 Law and courts are often neglected in finance The discipline is so permeated by economic analysis the enforcement of its rules so based on regulatory authorities that it often seems more natural to speak of financial regulation rather than financial law de emphasizing the role of courts Authored by leading experts in commercial law *Finance Law and the Courts* goes beyond this limited perspective The book demonstrates that law and courts are essential in providing finance with the certainty it needs to operate and the elasticity it needs to evolve As explored in Part I of the book these benefits result from law s status as an interpretative construct formed by rules and principles a construct shaped by a need for consistency When principles collide courts are often called to solve hard cases and in doing so the Law of Finance evolves Examining such hard cases Parts II and III analyze courts roles in influencing finance s key concepts and principles For Public Law this includes the impact of sovereign immunity separation of powers or individual rights on the justiciability of financial acts central banks mandates and the interplay between regulatory concepts and fundamental rights For Private Law these include the foundations of liability for misstatements the validity and interpretation of financial contracts and creditor creditor conflict The book further explores the interplay between specialist and generalist courts and other bodies in Part IV concluding with a case for limited specialization of finance justice in the EU Offering a comprehensive legal treatment of finance s regulatory sources this book is an unparalleled resource for law academics practitioners and policymakers seeking to better understand the complex financial cases that they may encounter **Resolutions Adopted by the Committee on Environment and Public Works, United States Senate, Approving Water Projects and Public Building Prospectuses, S.PRT. 114-40, 2018,**

114-2, 2018 **Research Impact and the Early Career Researcher** Kieran Fenby-Hulse, Emma Heywood, Kate Walker, 2019-05-24 Research Impact and the Early Career Researcher documents experiences and perspectives on the emerging concept of research impact from a range of disciplines and places them within an analytical and critical discursive framework Combining personal reflections with research essays it provides the reader with a multi dimensional perspective on research impact and how it connects to the research lives and practice of early career researchers Research impact is playing an ever increasing role in international research policy and government strategy This book Explores the arrival of impact into the national research consciousness Discusses how to build capacity and skills within research impact and how this might impact academic career progression in an international job market Offers advice on balancing national expectations with institutional expectations on research in terms of funding and career progression Offers suggested ways forward whilst actively challenging what constitutes research impact Research Impact and the Early Career Researcher provides a much needed research base for studies of research impact and the extent to which it has altered changed and influenced the research practice of early career academics It is an essential guide for any new and early career researchers wishing to navigate the complex landscape in order to meaningfully contribute to the impact agenda **Prospectus :**

Rhodes University, 1952 The Scottish Economy and Nationalism James Foley, 2023-08-18 Scotland's economic capacity to prosper independently of Britain has become a key political issue dominating the independence referendum of 2014 and continuing to influence British politics since But as this book shows the Scottish economy is not merely a statistical object it is also a political sociological and cultural idea which has been imagined and constructed The book explores the history of how Scotland has been framed in statistical and policy terms which are laden with conflicts over meaning ranging from class struggles and struggles against external control to the ongoing debate over national independence Using Scotland as a case study for examining the political meaning of the economy the book also considers the origins of efforts to measure the Scottish economy in the British nationalist terms of regional policy It then considers the influence in turn of North Sea oil globalisation Europeanisation class dealignment and neoliberal enterprise ideology in changing the meanings attached to the Scottish economy These form necessary conditions for the debate on national independence where the nature and the future of the Scottish economy remain the central controversy By examining the economic ideas of a self proclaimed cosmopolitan nationalist movement the study will offer deeper insights into how nationalists are adapting to the crisis of globalisation This book marks a significant contribution to the literature on Scottish independence as well as economic sociology nationalism critical geography and political economy more broadly *Reconsidering Policy* Kate Crowley, Jenny Stewart, Adrian Kay, Brian W. Head, 2021-08-11 For nation states the contexts for developing and implementing policy have become more complex and demanding Yet policy studies have not fully responded to the challenges and opportunities represented by these developments Governance literature has drawn attention to a globalising and network based policy world but politics and the

role of the state have been de emphasised This book addresses this imbalance by reconsidering traditional policy analytic concepts and re developing and extending new ones in a melded approach defined as systemic institutionalism This links policy with governance and the state and suggests how real world issues might be substantively addressed **Exploring the New Jersey Colony** Barbara Krasner,2016-08 Step back in time and visit New Jersey during the Colonial period Settled by the Dutch Swedish and English New Jersey became known for its welcoming attitude toward people of any country or religious belief Find out what made New Jersey unique how it got the nickname the Garden State what role it played during the Revolutionary War and what daily life was like in Colonial times and the early days of statehood **The Painter's Fire** Zara Anishanslin,2025-07-01 The Painter s Fire follows a remarkable cohort of transatlantic artists who risked their lives and reputations to promote the patriot cause during the Revolutionary War Their experiences Zara Anishanslin shows testify to both the promise and the limits of liberty in the founding era **Dobson's "Encyclopaedia"** Robert D. Arner,2016-11-11 This is the first study of the life and career of Thomas Dobson arguably the most prominent American printer publisher and bookseller between the years 1785 and 1822 whose accomplishments included publication of the first American edition of the Hebrew Bible and the first American edition of the Encyclopaedia Britannica
