AI in Social Studies Education

Christopher H. Clark, Cathryn van Kessel, 2025 The introduction of widely available generative AI tools has caused a frenzy of both positive and negative reactions Between utopian visions and apocalyptic predictions of AI s impact on education there is a need to thoughtfully consider what education in the age of AI can and should look like This volume focuses on the implications of AI technology for teachers in K 12 and university settings providing a careful look at its affordances and drawbacks for social studies curriculum and teaching Scholars specializing in the field of social studies education provide information and practical ideas for teaching with current technology alongside frameworks for thinking about future iterations of AI This book fills a critical need especially among educators to consider the current and potential future impacts of AI while avoiding the traps of alarmism or techno utopianism Whether skeptical or enthusiastic about AI every social studies educator will find something useful to their practice in this book Book Features First ever compilation of AI

considerations and strategies in the context of social studies education

Nontechnical explanations of what AI can do and not do in practical educational contexts to enable educators to approach its use with careful judgment

Advice for educators to help them assess future iterations of AI technology

Critical considerations of AI across multiple contexts e g ethics equity multilingual learners cybersecurity

Work from leaders in technology and social studies education across Canada and the United States

Re-envisioning the MLS Johnna Percell, Lindsay C. Sarin, Paul T. Jaeger, John Carlo Bertot, 2018-04-13

At the heart of any discussion about the future of libraries is the future of librarians and how well our instructional programs especially the Master of Library Science MLS degree prepare them for their careers

This book continues the critical conversations around preparing future librarians

Supporting Multilingual Learners' Academic Language Development Luciana C. de Oliveira, 2023-04-13

A practical and comprehensive resource

Supporting Multilingual Learners Academic Language Development

A Language Based Approach to Content Instruction introduces an accessible language based approach to teaching academic language to multilingual learners across the content areas

Luciana C de Oliveira provides elementary school teachers with everything they need to know to successfully teach grade level content to multilingual learners

Chapters are organized by subject addressing the specific language demands of teaching English language arts social studies mathematics and science

Each chapter features examples of implementation in grades K 5 practical strategies and a wealth of tables figures and other resources

The Language Based Approach to Content Instruction LACI in this book provides teachers with a ready to use framework of six scaffolding elements that serves as a guide to enable multilingual learners to meet the grade level standard of their peers without simplification

Aligned with WIDA and CCSS standards this resource provides the tools and methods teachers need to support multilingual learners academic language development in the content area classroom

Self-directed learning research and its impact on educational practice Elsa Mentz, Roxanne Bailey, 2021-05-17

This scholarly book is the third volume in an NWU book series on self directed learning and is devoted to self directed learning research and its impact on educational practice

The importance of self directed learning for learners in the 21st century to equip themselves with the necessary skills to take responsibility for their own learning for life cannot be over emphasised

The target audience does not only consist of scholars in the field of self directed learning in Higher Education and the Schooling sector but includes all scholars in the field of teaching and learning in all education and training sectors

The book contributes to the discourse on creating dispositions towards self directed learning among all learners and adds to the latest body of scholarship in terms of self directed learning

Although from different perspectives all chapters in the book are closely linked together around self directed learning as a central theme following on the work done in Volume 1

of this series Self Directed Learning for the 21st Century Implications for Higher Education to form a rich knowledge bank of work on self directed learning *Resources in Education* ,1994 Magnetic Tape Titles Recorded by Volunteers and on Deposit at the Library for the Blind and Physically Handicapped Section of the State Library Division Michigan. State Library Division. Blind and Physically Handicapped Section,1968 The MLS Project Boyd Keith Swigger,2010-07-19 In 1951 the American Library Association ALA Council approved new standards for accrediting library education programs These standards shifted accreditation from the bachelor s degree to the master s degree making the master s degree in library science the professional credential for entry into the profession At the time librarians believed this change would transform the practice of librarianship the nature of library education and the social standing of librarianship as an occupation In The MLS Project An Assessment after Sixty Years Boyd Keith Swigger examines the reasons the American Library Association enacted the change and looks at the consequences of this decision Reviewing the last several decades Swigger addresses a number of concerns What were librarians and library educators arguments for changing the system of library education What problems were they trying to solve What were their objectives Did the change in the structure of library education solve the problems perceived in the late 1940s Have the objectives set then been accomplished in the half century since What have been the intended and unintended outcomes of the change In his review Swigger draws general conclusions about the MLS Project the perception of librarianship libraries the developments of curriculums in library schools and how librarianship compares to the new information professions The MLS Project is an informative and critical evaluation that every librarian should read *Using Data-Informed Decision Making to Improve Student Affairs Practice* Kathleen M. Goodman,Darnell Cole,2017-09-28 Is the data available on your college campus fully utilized Analyzing data does not have to be a complex process but there can be obstacles to putting data to good use overworked staff or understaffed departments silos that prevent crossing institutional boundaries lack of research training or simply being overwhelmed by the possibilities Addressing these obstacles this volume presents pragmatic ideas for implementing data informed decision making to improve student affairs practice It first illustrates how to easily analyze quantitative data and read assessment reportsdemonstrating that advanced research knowledge is not necessary to make meaning of survey findings It then provides suggestions for utilizing findings from large data sets typically available on campus and gives practical guidance for making sense of and using quantitative data to inform practice Also included is how to use data to understand the experiences of non dominant populations on campus which is especially relevant given the diversity of todays college students Several chapters speak directly to using data to understand marginalized groups based on race religion and sexual orientation while others focus on using data to understand campus diversity experiences This is the 159th volume of this Jossey Bass higher education quarterly series An indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals New Directions for Student Services offers guidelines and programs for aiding students

in their total development emotional social physical and intellectual Handbook of Father Involvement Natasha J. Cabrera, Catherine S.
