Perullo, 2003-11-11 If Students Need to Know It, It's in This Book. This book develops the math skills of fourth graders. It builds skills that will help them succeed in school and on the New York State test. Why? The Princeton Review. We have more than 20 years of experience helping students master the skills needed to excel on standardized tests. Each year we help more than 2 million students score higher and earn better grades. We know the New York State Testing Program. Our experts at The Princeton Review have analyzed the New York State test, and this book provides the most up-to-date, thoroughly researched practice possible for the Grade 4 Mathematics test. We break down the test into individual skills to familiarize students with the test's structure while increasing their overall skill level. We Get Results. We know what it takes to succeed in the classroom and on tests. This book includes strategies that are proven to improve student performance. We provide content review, detailed lessons, and practice exercises modeled on the skills tested by the New York State Grade 4 Mathematics test, engaging puzzles, riddles, and word problems. 2 complete practice New York State Math tests. **New York State Education**
