

Make your revision plan

- Select the select the essay you want to revise for this assignment (place or lightbulb).
- It is best to start with a clean copy of the essay rather than one you or I have already marked.
- If you have trouble making the comments asked of you on the next slide, you might want to consider revising your other essay instead.
- Once you've made the initial comments about your essay, go on the slide that is specific to your essay and continue from there.
- Take out the revision handout you received last week (it's on the S drive if you don't have it). Focus on these priorities as you work in class today: content, elaboration, organization, language use.
