Rhyming Metaphor Poems:

How to Rhyme Your Way to 'metaphor Poems' Leland Jamieson, 2012-08-19 WRITING OUT LOUD ON YOUR LIPS FINGERS AND EARS Today's poetry reader/writer typically feels comfortable with free verse but awkward with contemporary formal metrical end rhyming poetry. If the reader is also a young poet to be or teacher to be, the differences between the two yawn like the Grand Canyon. What is metrical? How surmount forced rhymes? This book helps you master the whats, hows, and whys, hands on, step by step. Using a minimum of technical jargon, the strategy of this volume is to invite high school seniors and college freshmen readers to leap across this canyon by writing out loud on your lips, fingers, and ears, as modeled. The setting is a fictional college class in Freshman English. This little giant of a book frees a poet to be to feel at ease and find creativity composing contemporary formal poetry. It liberates a teacher to be to feel at ease coaching students, including skeptical students. It encourages creativity long term, as well continuing to deepen one's poetry the further one takes this strategy. An illustrative 14 poem selection of the author's work, rich in metaphors, is proof of the pudding. References for advanced study appear at the end.

Making 'Metaphor Poems' by Simile and Rhyme Leland Jamieson, 2009-06 Leland Jamieson, poet and author of two collections of poetry, 21ST CENTURY BREAD and IN VITRO, lives and writes in East Hampton, CT. Because budgets for the arts are always tight and many schools lack a Poet in the Schools Program, Jamieson has written a 42 page guide for high school teachers that addresses this lack in a creative, participatory manner. For schools that do have the program, Jamieson's guide makes a strong follow-up. Moreover, it carries poetry making to a new level through its teacher-directed student-generated discovery of simile and metaphor by Reverse Rhyming. Out of this, students evolve rich figures of speech which they own in poems they craft with natural, unforced rhyme. The guide reprints from the author's first book 16 poems with broad appeal to teens. It identifies similes and metaphors found in each. As a bonus, it models for the high school teacher how to win over students resistant to poetry so they become active participants.
