Richard Michael Fischl Book:

Getting to Maybe Richard Michael Fischl, Jeremy Paul, 2022-10-31 **That's on Me** Mike McHargue, 2024-10-29

Seasoned Executives Share Their Leadership Errors One indication of a good leader is the willingness not only to admit mistakes but also to share those errors with others so that the cycle is not repeated To do this takes humility and courage In Mike McHargue s *That s on Me* nearly forty seasoned C suite veterans who have made all kinds of mistakes in their roles as leaders share with you their insights on keeping teams focused connecting with staff running effective meetings managing performance and developing people Their collective wisdom on the universal challenges of leadership can be applied to any leadership role and at any level

A Student's Guide to Law School Andrew B. Ayers, 2024-05-31 Law school can be a joyous soul transforming challenge that leads to a rewarding career It can also be an exhausting self limiting trap It all depends on making smart decisions When every advantage counts *A Student s Guide to Law School* is like having a personal mentor available at every turn As a recent graduate and an appellate lawyer Andrew Ayers knows how high the stakes are he s been there and not only did he survive the experience he graduated first in his class In *A Student s Guide to Law School* he shares invaluable insight on what it takes to make a successful law school journey Originating in notes Ayers jotted down while commuting to his first clerkship with then Judge Sonia Sotomayor and refined throughout his first years as a lawyer *A Student s Guide to Law School* offers a unique balance of insider s knowledge and professional advice Organized in four parts the first part looks at tests and grades explaining what s expected and exploring the seven choices students must make on exam day The second part discusses the skills needed to be a successful law student giving the reader easy to use tools to analyze legal materials and construct clear arguments The third part contains advice on how to use studying class work and note taking to find your best path Finally Ayers closes with a look beyond the classroom showing students how the choices they make in law school will affect their career and even determine the kind of lawyer they become The first law school guide written by a recent top ranked graduate *A Student s Guide to Law School* is relentlessly practical and thoroughly relevant to the law school experience of today s students With the tools and advice Ayers shares here students can make the most of their investment in law school and turn their valuable learning experiences into a meaningful career

Getting to Maybe Richard Michael Fischl, Jeremy R. Paul, 1999-05-01 Professors Fischl and Paul explain law school exams in ways no one has before all with an eye toward improving the reader s performance The book begins by describing the difference between educational cultures that praise students for right answers and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations But the authors don t stop with mere description Instead *Getting to Maybe* teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems The book contains hints on studying and preparation that go well beyond conventional

advice The authors also illustrate how to argue both sides of a legal issue without appearing wishy washy or indecisive Above all the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage In sum although the authors believe that no exam guide can substitute for a firm grasp of substantive material readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance This book should revolutionize the ordeal of studying for law school exams Its clear insightful fun to read and right on the money Duncan Kennedy Carter Professor of General Jurisprudence Harvard Law School Finally a study aid that takes legal theory seriously Students who master these lessons will surely write better exams More importantly they will also learn to be better lawyers Steven L Winter Brooklyn Law School If you can't spot a fork in the law or a fork in the facts in an exam hypothetical get this book If you don't know how to play Czar of the Universe on law school exams or why get this book And if you do want to learn how to think like a lawyer a good one get this book It's quite simply stone cold brilliant Pierre Schlag University of Colorado School of Law Law Preview Book Review on The Princeton Review website Attend a Getting to Maybe seminar Click here for more information

Solidarity First Robert O'Brien, 2009-01-01 Debates about social cohesion reflect the unease of contemporary society as we face growing inequality and economic restructuring Solidarity First examines the concept and practice of social cohesion from the perspective of its impact on and significance for workers Contributors examine the functioning of social cohesion at multiple levels Standard approaches are challenged by highlighting the experiences of women and non Canadians Attempts to construct corporate forms of cohesion and community efforts to forge cohesion via the new cultural economy are investigated while the relationship between cohesion in Canada and the international environment is examined by considering the international activity of Canadian civic actors the failure of Canada to live up to international labour obligations and the implications of International Labour Organization reforms for informal sector workers Solidarity First concludes by arguing that reinvigorated worker solidarity is a prerequisite to moving toward a more worker friendly form of social cohesion *The Employment Contract and the Changed World of Work* Stella Vettori, 2016-03-23 The world of work

has undergone major changes in the last two decades This book examines these changes in their international context It is argued that collective bargaining should no longer be viewed as the most important means of regulating the employment relationship In the changed world of work such an approach is becoming less relevant Instead other means of protecting legitimate worker interests are explored These include an adaptation and extension of the general principles of the law of contract a constitutional right to fair labour practices and the pursuit of good corporate governance and corporate social responsibility The conclusion is that these alternative means of addressing legitimate worker interests can play a valuable role in filling the vacuum left by the worldwide decline of trade unions **Precarious Work, Women, and the New**

Economy Judy Fudge, Rosemary Owens, 2006-04-26 Globalisation the shift from manufacturing to services as a source of

employment and the spread of information based systems and technologies have given birth to a new economy which emphasises flexibility in the labour market and in employment relations These changes have led to the erosion of the standard industrial employment relationship and an increase in precarious work which is poorly paid and insecure Women perform a disproportionate amount of precarious work This collection of original essays by leading scholars on labour law and women s work explores the relationship between precarious work and gender and evaluates the extent to which the growth and spread of precarious work challenges traditional norms of labour law and conventional forms of legal regulation The book provides a comparative perspective by furnishing case studies from Australia Canada the Netherlands Quebec Sweden the UK and the US as well as the international and supranational context through essays that focus on the IMF the ILO and the EU Common themes and concepts thread throughout the essays which grapple with the legal and public policy challenges posed by women s precarious work **Principled Labor Law** Sergio Gamonal C.,César F. Rosado

Marzán,2019-04-29 This book introduces a Latin American approach to U S labor law focusing on the legal principles of protection primacy of reality non waiver and continuity It offers an alternative to existing scholarly approaches based on a deep history of Latin American labor activism and research Taking Back the Workers' Law Ellen Dannin,2018-09-05 Prolabor critics often question the effectiveness of the National Labor Relations Board Some go so far as to call the Board labor s enemy number one In a daring book that is sure to be controversial Ellen Dannin argues that the blame actually lies with judicial decisions that have radically rewritten the National Labor Relations Act But rather than simply bemoan this problem Dannin offers concrete solutions for change Dannin calls for labor to borrow from the strategy mapped out by the NAACP Legal Defense Fund in the early 1930s to eradicate legalized racial discrimination This book lays out a long term litigation strategy designed to overturn the cases that have undermined the NLRA and frustrated its policies As with the NAACP this strategy must take place in a context of activism to promote the NLRA policies of social and industrial democracy solidarity justice and worker empowerment Dannin contends that only by promoting these core purposes of the NLRA can unions survive and even thrive *International Legal Positivism in a Post-Modern World* Jörg Kammerhofer,Jean D'Aspremont,2014-10-06 International Legal Positivism in a Post Modern World provides fresh perspectives on one of the most important and most controversial families of theoretical approaches to the study and practice of international law The contributors include leading experts on international legal theory who analyse and criticise positivism as a conceptual framework for international law explore its relationships with other approaches and apply it to current problems of international law Is legal positivism relevant to the theory and practice of international law today Have other answers to the problems of international law and the critique of positivism undermined the positivist project and its narratives Do modern forms of positivism inspired largely by the theoretically sophisticated jurisprudential concepts associated with Hans Kelsen and H L A Hart remain of any relevance for the international lawyer in this post modern age The authors provide a wide

variety of views and a stimulating debate about this family of approaches *Daunting Enterprise of the Law* Simon Archer, Daniel Drache, Peer Zumbansen, 2017-02-24 Professor emeritus at Osgoode Hall Law School and former president of Toronto's York University Harry W Arthurs is one of the world's most widely respected scholars educators and policy makers His enormous academic and institutional productivity has extended to administrative and labour law legal pluralism and legal theory and legal education Bringing together scholars of law history and political economy The Daunting Enterprise of the Law applies the framework of Arthurs's extraordinary scholarship to a series of themes running through current legal economic and political thought Contributors from around the globe engage with Arthurs's work in several fields and sub fields and consider the past and future of industrial democracy globalization labour law legal education and legal theory in the twenty first century Through the process of surveying evaluating and reflecting upon Arthurs's ideas and intellectual contributions they further advance the reader's understanding of labour law and industrial relations Remarkable in breadth and scope The Daunting Enterprise of Law is both a celebration of Arthurs's institutional achievements and policy leadership and an important contribution to contemporary scholarship **Rethinking Evidence** William Twining, 1994 Evidence proof and probabilities rationality skepticism and narrative in legal discourse and the reform of criminal evidence have all been the subject of lively debates in recent years This book brings together seminal and new essays from a leading contributor to this new evidence scholarship Rethinking Evidence contains a series of linked essays which consider historical theoretical and applied themes from a broad interdisciplinary perspective It brings together well known papers and also includes substantial new essays on the nature and scope of the law of evidence lawyers stories and the case of Edith Thompson These readable and provocative essays represent a major contribution not only to legal theory but also to the general study of discourse about evidence in many disciplines *The Cambridge History of the American Essay* Christy Wampole, Jason Childs, 2023-12-14 From the country's beginning essayists in the United States have used their prose to articulate the many ways their individuality has been shaped by the politics social life and culture of this place The Cambridge History of the American Essay offers the fullest account to date of this diverse and complex history From Puritan writings to essays by Indigenous authors from Transcendentalist and Pragmatist texts to Harlem Renaissance essays from New Criticism to New Journalism The story of the American essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing The essay in the US has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay Across genres and identities this volume offers a stirring account of American essayism into the twenty first century Merciful Judgments and Contemporary Society Austin Sarat, 2011-10-31 Merciful Judgments and Contemporary Society Legal Problems Legal Possibilities explores the tension between law's need for and dependence on merciful judgments and suspicions that regularly accompany them Rather than focusing primarily on definitional questions or the longstanding debate about the

moral worth and importance of mercy this book focuses on mercy as a part of and problem for law This book is a product of the University of Alabama School of Law symposia series on Law Knowledge and Imagination It explores the ways law is known and imagined in a diverse array of disciplines including political science history cultural studies philosophy and science In addition books produced through the Alabama symposia explore various conjunctions of law knowledge and imagination as they play out in debates about theory and policy and speak to venerable questions as well as contemporary issues

Race, Law and Hypercriminality Sarah Corbett-Batson, 2025-08-08 This book considers how neoliberal criminal law constructs racialised hypercriminals In a world of fake news and virtual reality where social media posts seem more real than the materiality of racial capitalism this book develops the idea of hypercriminality as a means of explaining how racial disproportionalities in the criminal legal system persist despite discourses of a post racial meritocracy Drawing on critical race theory the work of Judith Butler and Jean Baudrillard's conception of the hyperreal the book considers how neoliberal legal discourse constructs and reproduces hyperreal racialised legal subjects The simulated violent figure of the racialised gang member rioter drug dealer or sexual predator is made to appear real through legal and evidential concepts such as dangerousness or bad character The belief that this simulation is real is deployed to justify the carceral state and masks the structural and racialised violence of capitalism itself Revealing the hypercriminality of racialised legal subjects the book thus offers a timely critical legal intervention that aims to advance the urgent project of decarceration abolition and transformative justice The book will appeal to scholars and students working in the areas of criminal law and evidence criminology criminal justice socio legal studies and critical race theory

The Foreign Attorney's Guide to the U.S. Bar Exam Johnnie Lugh Hester, Are you a foreign educated lawyer or LL M student facing the U S bar exam You are not alone Each year thousands of talented international attorneys attempt the New York or California bar exam only to face pass rates significantly lower than their U S trained peers The reasons are clear you're not just learning new laws you're battling a different legal system a unique testing style and a language barrier all on a compressed timeline This guide is the first of its kind written specifically for you Forget generic bar prep advice This book provides a targeted practical and empathetic roadmap to conquer the specific challenges you face It translates the confusing aspects of the common law and demystifies the bar exam's structure giving you the tools to bridge the gap between your legal education and a passing score Inside you will discover A Crash Course in Common Law Finally understand core principles like stare decisis and the adversarial system from a civil law perspective preventing critical mistakes on exam day Targeted MBE Strategies Learn why the Multistate Bar Examination is the biggest hurdle for foreign takers and master a step by step method to deconstruct tricky questions manage your time and improve your reading comprehension of legal English The IRAC Formula for Essays Move beyond theoretical writing and learn the rigid IRAC Issue Rule Application Conclusion structure that bar graders are trained to look for on the MEE and MPT Customized Study Schedules Implement a realistic 6 or 9 month study plan designed for the

demanding life of an LL M student integrating commercial bar prep courses effectively Real Advice from Successful Foreign Attorneys Gain invaluable insights and learn to avoid common mistakes from international lawyers who have successfully passed the U S bar exam A Guide to What Comes Next Navigate the Character and Fitness evaluation the MPRE and the unique challenges of job searching in the U S as a foreign admitted attorney This is more than a study guide it is your constant companion through the entire bar admission process Stop feeling overwhelmed and start preparing with a strategy designed for your success Take control of your U S bar exam journey today Cultural Analysis, Cultural Studies, and the Law Austin D. Sarat, Jonathan Simon, 2003-07-03 This interdisciplinary collection demonstrates the purchase of cultural studies frameworks for thinking about legal questions beyond the reach of the Law Economics framework *Constructing the Family* Luke Taylor, 2022-11-01 In nineteenth century England legal conceptions of work and family changed in fundamental ways Notably significant legal moves came into play that changed the legal understanding of the family *Constructing the Family* examines the evolution of the legal discursive framework governing work and family relations Luke Taylor considers the intersecting intellectual and institutional forces that contributed to the dissolution of the household the establishment of separate spheres of work and family and the emergence of modern legal and social ideas concerning work and family He shows how specific legal institutional moves contributed to the creation of the family s categorical status in the social and legal order and a distinct and exceptional body of rules Family Law for its governance Shedding light on the historical processes that contributed to the emergence of English Family Law *Constructing the Family* shows how work and family became separate regulatory domains and in so doing reveals the contingent nature of the modern legal family

Racial Formation in the United States Michael Omi, Howard Winant, 2014-06-20 Twenty years since the publication of the Second Edition and more than thirty years since the publication of the original book *Racial Formation in the United States* now arrives with each chapter radically revised and rewritten by authors Michael Omi and Howard Winant but the overall purpose and vision of this classic remains the same Omi and Winant provide an account of how concepts of race are created and transformed how they become the focus of political conflict and how they come to shape and permeate both identities and institutions The steady journey of the U S toward a majority nonwhite population the ongoing evisceration of the political legacy of the early post World War II civil rights movement the initiation of the war on terror with its attendant Islamophobia the rise of a mass immigrants rights movement the formulation of race class gender intersectionality theories and the election and reelection of a black President of the United States are some of the many new racial conditions *Racial Formation* now covers *Law* Amy Hackney Blackwell, 2010 This volume provides information and background on legal careers
