

Standard vs. Learning Target

Standard: What we want students to be able to know and do at the end of any given time; standards are provided by the state(s) and derived from the National Standards. *Also can be known as Performance Expectations (PE in math), Content Standards (in science), GLE (reading, writing, social studies...)*

Learning Targets: These are statements of *intended learning based on the standards*. Learning targets are in kid friendly language and are *specific to the lesson for the day and directly connected to assessment*.

teaching will find that the book provides a comprehensive resource to guide their professional learning and practice

Classroom Assessment Essentials Susan M. Brookhart, 2013 The only assessment book K-12 teachers need to monitor and maximize student learning Classroom assessment is a vital part of teaching It helps make student learning or a lack thereof visible so that teachers can adjust teaching practices and better support learners But designing and implementing reliable assessments is a complex process In this comprehensive book by assessment expert Susan M Brookhart you will learn the foundational concepts and practical skills necessary to be successful with classroom assessment Organized into 21 essentials the book addresses everything from using pre assessment before starting new lessons to communicating with parents about their child's academic growth Along the way you will discover how to Create clear learning targets and success criteria based on standards Provide meaningful feedback to students about progress toward goals Involve students in the regulation of their own learning Use homework to check for understanding Decide on instructional follow up based on formative assessment data Make accommodations for students with IEPs and support equity and fairness Design performance tasks for individuals and groups Craft rubrics and design classroom tests With strategies that support high quality assessment tips and troubleshooting advice and examples across subject areas and grade levels Classroom Assessment Essentials will help you make effective assessment a cornerstone of your classroom Elementary Physical Education Inez Rovegno, Dianna Bandhauer, 2013 Elementary Physical Education is designed to help students plan lesson objectives for motor cognitive affective and social domains that are linked appropriately Throughout the text the authors illustrate various ways to teach motivational thinking social skills and concepts Tasks are labeled and symbols appear in the margins of lesson plans so readers can find examples of how to teach these skills and concepts to children Each chapter includes sample lesson plans designed to be teaching tools which will help transform the ideas discussed in the textbook The content is presented in complete lesson plans lesson segments lesson and unit outlines of tasks or descriptions of content for lessons The lesson plans are linked to the NASPE standards and can be downloaded from the book's companion website to enable students to design lessons to meet the needs of their situations and the lesson format requirements of their programs Overall this is a very research oriented text Dr Rovegno has translated the current research on learning motivation perceptions of competence constructivism higher order thinking skills social responsibility and multicultural diversity into easy to understand concepts and instructional techniques The book will reinforce and extend student's understanding of topics tested in state and national certification exams and required by state and national certification agencies and illustrate how to integrate these concepts and instructional techniques into lesson plans

Grading for Impact Tom Hierck, Garth Larson, 2018-04-04 Aim for a target based grading system and create stronger learning opportunities Do you wish there was more clarity when it comes to measuring student progress and learning What if there was a way to utilize grading and assessment to focus on learning rather than performance and the process rather than

the product As grading assessment and reporting continue to be relevant topics of discussion this book helps you create a functional plan to elevate and advance standards based grading practices Teachers and administrators will learn how to assess grade and report against specific learning targets rather than standards as a whole to make skill acquisition the highest priority Grounded in application to provide focus and clarity this book features Real case studies of schools that have incorporated target based assessment feedback grading and reporting Practical examples to guide implementation Questions checklists illustrations and audits of practice to showcase the work in action An accessible format and layout that support both immediate implementation and long term goals Despite being a topic that generates emotion and resistance to change target based assessment builds the foundation for a learner centered system that provides clear expectations and feedback for teachers students and parents Grading for Impact is a simple and straightforward guide to re thinking grading based on mastery of specific skills and concepts rather than broadly written standards Real world examples of teachers struggling with and answering the old questions are included How do we grade fairly and accurately and How do we use grades as an instructional strategy Joseph Staub High School Teacher Downtown Magnets High School CA Most stakeholders agree that report cards aren t enough to show what our students are learning in school but changing the traditional grading system is a task that requires careful planning and challenging discussions Grading for Impact shows educators how to start and plan the discussions that will result in genuine learning experiences for students Ernie Rambo Virtual Learning Community Coordinator Nevada National Board Professional Learning Institute
