they alone would determine Little in his life had prepared him for such a role He grew up in a lower middle class section of the Bronx wound up at Harvard Law School and built a successful career as a trial lawyer representing some of the rich and famous and some ordinary folks But overseeing perhaps the largest private real estate empire in the country selling all those properties and the assorted bonds diamonds and other playthings of the rich and choosing the goals of a vast charitable trust funded with those sales proceeds was something else altogether He tasted the nectar of instant popularity and became incontrovertible proof that when you control billions of dollars you become wittier funnier far more profound than you ve ever been and always worth listening to Friends pseudo friends former friends would be friends quasi friends friends of friends everyone comes knocking The Accidental Philanthropist tells how all this happened
