

Self-Introduction

My name is Zhao Yan. I am studying at Nanjing Foreign Language School and now busy preparing for college study. Many years of hard working and strict training have made me a qualified middle school student with high qualities.

I have a good relationship with my classmates and teachers as I am generally sociable in personality. I am thoughtful and helpful in school. As for my study, I pay special attention to the development of my thinking manners so that I become quick in thinking and broad in knowledge. Seeking reality and progress, I have achieved excellence in my study. I particularly love such subjects as math, physics, biology and English. I am strong in logical thinking and oral expressing. I am creative and unique in views on certain matters. I have won many awards in the above subjects (see the copies of these certificates).

Morally I may say I am also excellent, because I am strict with myself, following the school's rules and regulations, taking active part in various activities, displaying great interest in our country's important events and world affairs. I love our motherland and our people and I am trying to get the party membership. All this has led me to win the "Xiang Yu Scholarship".

In addition, I have developed many hobbies in my life. For example, I love reading, computer and Internet, music and sports. I have been a champion several times in our school's sports meet.

In short, as a student studying at Nanjing Foreign Language School, I am determined to make my own contribution to our country's diplomatic affairs.

Successful Personal Statements to Get You into a Top University

Warren Zhang, Hemant Mohapatra, 2014-02-20 This book will help aspiring undergraduates through the competitive admissions process for some of the world's top universities. It will help prospective candidates answer a very specific question: what makes a successful personal statement? Using a collection of real-life personal statements from students recently accepted into Cambridge University across all subjects, the authors provide a behind-the-scenes look into what it takes to be admitted into a top academic institution. The result is a book that offers a rare insight into the often opaque and complex thought process that goes into accepting or rejecting a candidate and provides a benchmark for all students looking to study at top universities around the world.

Applying Successfully to Top US Universities

Jason Morris, 2012-05-01 Peterson's *Applying Successfully to Top U.S. Universities* is a unique guide that assists highly ambitious Chinese students to get accepted to one of the top-ranked higher education institutions in the United States to both undergraduate and graduate programs of study. The book starts out with a general overview of what to expect from receiving a higher education in the United States from earning a degree to financial aid from campus life to the academic calendar. You will find an entire chapter dedicated to the rankings of schools and universities, who creates the rankings, how to read them, and what to do with the information provided by them. This book also offers extensive information about the language proficiency and admittance tests you may have to take and advice on how to handle the financial aspect of a U.S. education with a list of scholarships and financial aid available. You will find valuable strategies for building a strong and successful application with special emphasis on creating an outstanding essay or statement of purpose and securing strong letters of recommendation. The book concludes with extensive advice from admission officers and successful international students.
