Communications Toolkit, Second Edition Carl Pritchard, 2013-11-01. Effective communication is the most powerful tool a manager can use. This is especially true for project managers who are tasked with coordinating the efforts of every project member as well as maintaining an open dialog with senior executives. Helping professionals achieve a high level of communications expertise is the goal of this second edition book and CD-ROM package. The book explains how to energize projects, create momentum, and achieve success by talking and listening to staff members. Moreover, it teaches how to effectively communicate project status and requirements to executive management. The valuable CD-ROM supplies the tools to do the job right: ready-to-use documents, forms, reports, and project templates that help ensure effective, clear, and consistent communication. This second edition also includes new changes from A Guide to the Project Management Body of Knowledge (PMBOK) Fifth Edition, as well as new material on evolving tools such as social media. As new technology has found its way to the marketplace, simple approaches from years gone by are modified for cloud sharing tools, social media, and other considerations. Understanding Project Management, Third Edition Dave C. Barrett, 2024-11-26. Understanding Project Management Third Edition presents a practical, real-world guide for aspiring and practicing project managers. The text follows an ongoing case study from inception to completion. The case guides students through the key aspects of a project, including its scope, quality, schedule, and budget, while also exploring the less tangible challenges that can often either derail a project or lead to its success. This well-updated new edition features expanded content on agile project management with a new Scrum case study, exploration of hybrid project management techniques, and new content on the history of project management, working with remote and international project teams, and Earned Value Management. Understanding Project Management clearly presents key waterfall, agile, and hybrid project management concepts with examples to enhance learning. This practical guide is an invaluable resource for project management courses at colleges and universities in the US and Canada. **The Practical Guide to Project Management Documentation** John Rakos, Karen Dhanraj, Scott Kennedy, Laverne Fleck, Steve Jackson, James Harris, 2015-03-17.
