

REQUEST FOR PROPOSAL SECURITY SERVICES

Section I INTRODUCTION

[Company] is seeking proposals from qualified Contractors to provide uniformed security service for [Company] facilities at [Location(s)]. This document is a Request for Proposal (RFP) for the services described below and does not obligate [Company] to accept responses from eligible Contractors. The RFP establishes minimum requirements a bidder must meet in order to be eligible for consideration as well as information to be included in the Contractor's bid response.

Carefully examine the specifications, conditions and limitations.

The selection of the successful Contractor will be made based on [Company] evaluation and determination of the relative ability of each Bidder to deliver quality service in a cost-effective manner.

The following specific criteria will be evaluated and must be addressed in the proposal:

- 1 Company History and Organization
- 2 Management Approach
- 3 Personnel Selection Process
- 4 Development and Retention of Personnel
- 5 Total Quality Management Program
- 6 Cost Proposal and Invoicing
- 7 Training Programs
- 8 Computer Management System
- 9 Value Added Features
- 10 Insurance
- 11 Benefits Program
- 12 Employee Recognition Programs
- 13 Transition Plan
- 14 References

[Company] is not obligated to accept the lowest bid and reserves the right to reject any and all bids or amend the scope of the project. All of the Bidders must be duly licensed or otherwise have the ability to perform work in accordance with all governing local authorities and to the satisfaction of those authorities.

Planning National Telemedicine and Health Hotline Services World Bank,2023-04-07 For many low and middle income countries digital health solutions are the best way to increase community access to health information and health care This became even more apparent during the coronavirus pandemic when countries with low health care worker to population ratios and large populations that do not live close to a health center needed better ways for their citizens to access health services In many countries telemedicine and health hotline services have played an important role in filling access gaps which can present private sector providers with opportunities for growth When the private sector and government work together it can lead to major advances in health services that reach more communities However just because a solution is impactful does not mean it will be sustainable To ensure any solution sustains impact at scale it is important for the government to lead it from the beginning and eventually regulate and perhaps own the solution even if it outsources all or parts of it to service providers This toolkit is designed for software or call center service providers interested in working with government to establish nationwide telemedicine or health hotline services
